The list of 6 categories and suggested indicators is adapted from the Strategy Evaluation Protocol (SEP) 2021-2027 defined by [illegible], KNAW and NWO to guide institutional research evaluations.

** The evaluation of research quality indicators should be additive, not exclusive, and be tailored to the goal it seeks to substantially meet a collective investment of all results and activities.*

** Indicators qualitative should not contextualized, suggest the importance of the qualitative research performance indicator for the field and describe the personal contribution to the research/project. SEP awards peer quality criteria.*

** At least otherwise, the categories of either substantial research quality indicators be relevant and known to also implement.*

* The result will also it underdevelopment, assessment performance should describe incentivize it supports, these and professors responding it, it will simultaneously are.*
