One day while speaking with his father (who cared about freedom and individual rights, he felt on the issue and even so much).

“It is impossible that and by my father mean to allow my family to be the first to feel in our land. I have broken the chains that bind us to Spain.”

Liberal ideas were spreading to Latin America with negative results. From Mexico to the tip of South America, revolutionary movements arose to overthrow the reigning European powers. By 1825, most of Latin America was freed from colonial rule.

Discontent Fans the Fires

By the late 1700s, the revolutionary fires that gripped Western Europe had spread to Latin America. There, discontent was fueled by the social, racial, and political systems that had emerged during the years of Spanish rule.

Social and Ethnic Structures Cause Resentment Spanish social and ethnic structures, a hierarchy of the highest social class, dominated Latin American politics and society. Only the royal family held top jobs in government and the Church. Many revolutionaries demanded Latin Americans who created the bourgeoisie, middle-class citizens, and some wealthy merchants who refused to pay tribute to Spain.

Meanwhile, a growing population of mestizo, people of Native American and European descent, and mulatto, people of African and European descent, were angry at being denied the status, wealth, and power that were available to white, Spanish Americans. They demanded equal rights and equal treatment. In the Caribbean region and parts of South America, slaves of colonial America who worked on plantations longed for freedom.

The Enlightenment Inspires Latin Americans In the 1700s, enlightened ideas spread the seeds of Enlightenment thinking. They were first adopted in North America where all British rule. Translations of the Declaration of Independence and the Constitution of the United States inspired among the people.

During the French Revolution, young leaders like Simón Bolívar took Latin Americans to Europe and were inspired by the ideals of the Enlightenment. They returned to their home countries with new ideas and revolutionary ideas to reform society, equal rights were demanded to all.

Napoleon Invades Spain The spark that finally ignited widespread rebellion in Latin America was Napoleon's invasion of Spain in 1808. Napoleon wanted the Spanish king and placed his brother Joseph on the Spanish throne. In Latin America, leaders saw Spain's weakness as an opportunity to reject foreign domination and demand independence from colonial rule.

Checkpoint How did events get many of their revolutionary ideas?

Slaves Win Freedom for Haiti

Slaves before Spanish colonies rebelled like the Haitians, revolution had erupted in a French colony only on the island of Hispaniola. In 1791, on the island in one called, French planters owned many profitable sugar plantations worked by nearly a half million enslaved Africans. Sugar and coffee were their main crops. The slaves were unorganized and uneducated.

Success of O'Donnell Leads a Slave Revolt Encouraged by reading and inspired by the talks of liberty and equality, the slaves began to rise up to revolt in 1793. The rebels were determined that an enlightened and educated leader like Toussaint O'Donnell would lead them to a self-governed French colony. Although uneducated, Toussaint was a brilliant general and inspiring commander.

Toussaint's army of former slaves faced many enemies. Some were the French planters. French planters opposed the rebels. France, Spain, and all other nations against them. The fighting took more than three years until revolution in the Americas. But by 1795, the rebels had achieved their goal: slavery was abolished, and Toussaint's army controlled most of the island.

Haiti Wins Independence In 1804, Napoleon Bonaparte sent a large army to reconquer the French colony. Toussaint led his army to fight a war on two fronts to resist the invaders. In April 1804 the French agreed to a treaty, but then they repudiated the treaty and started fighting for France. The final blow in a self-governed colony in 1804.

The struggle for freedom continued, however, and later in 1805, the white army destroyed their ally, the French surrendered. In 1806, the white army destroyed their ally, the French surrendered. By the late 1700s, the revolutionary fires that gripped Western Europe had spread to Latin America. There, discontent was fueled by the social, racial, and political systems that had emerged during the years of Spanish rule.

Father Hidalgo Cries Out for Freedom Father Hidalgo provided the spark that ignited the Mexican Revolution. On September 16, 1810, he led his people to fight for freedom. The people gathered, the Hidalgo's army with a small force, "My children, with you for God!"

After some early successes, the rebels faced growing opposition. The Hidalgo's army was defeated by the Spanish. The Hidalgo's army was defeated by the Spanish. The Hidalgo's army was defeated by the Spanish.
