presence in heartlands of the empire and the republic Yelbasi shows that the Circassians played an important role in the establishment of the early republic and how the Turkification policies of the Kemalist regime in the two decades following 1918 disrupted their world Using a wide variety of primary source material including Ottoman and Republican archives as well as memoirs the press and secondary literature this book sheds light on a minority who unlike the Kurds or Armenians are yet to receive scholarly attention in Turkish Studies It will thus be a vital resource for scholars in Middle East Studies Turkish Studies and Ottoman Studies National Contract Management Journal ,1982 **Printers' Ink; the ...
