Connecting Jesus to Social Justice Thomas

Hughson,2013-10-10 Many Christians see the societal dimension of their faith as a matter of biblical and social ethics Returning to classical Christology Connecting Jesus to Social Justice explores messianic potential in the Council of Chalcedon on the divine identity of Christ Who Jesus is makes all the difference to Christian entrance into the public sphere on behalf of a just society The Messiah s divinity bears on social mission directed toward a just social order Theological appropriation of Chalcedon overcomes a gap between the professing the Creed and interpreting social existence in light of a just social order Connecting Jesus to Social Justice argues a doctrinally traditional orthodox basis for Christian participation in the public sphere on behalf of social justice The book addresses a situation internal to churches in the U S from a Catholic perspective yet not without analogies in other churches and Christian movements Applying traditional Christology to contemporary social mission solidifies an answer to adversarial queries on the appropriateness of a social agenda Implications in the classical Christology also confirm churches and discipleship in commitment to social justice promoted through a subaltern counter public and then by word and deed in the public sphere The Making of Barack Obama Matthew Abraham,Erec Smith,2013-10-01 The Making of Barack Obama The Politics of Persuasion provides the first comprehensive treatment of why Obama s rhetorical strategies were so effective during the 2008 presidential campaign during the first four years of his presidency and once again during the 2012 presidential campaign *Living Justice* Thomas Massaro,2011-09-08 For over a decade Living Justice has introduced readers to Catholic social teaching The second classroom edition has been revised and updated throughout to better meet the needs of students today Key updates include further reflection on the use of the just war theory in light of events in Iraq and Afghanistan the revival of terrorist threats the papacy of Benedict XVI the social encyclical Caritas in Veritate the recent financial crisis business ethics today and ongoing environmental concerns *Social Justice Isn't What You Think It Is* Michael Novak,Paul Adams,2015-11-03 What is social justice For Friedrich Hayek it was a mirage a meaningless ideological incoherent vacuous clich He believed the term should be avoided abandoned and allowed to die a natural death For its proponents social justice is a catchall term that can be used to justify any progressive sounding government program It endures because it venerates its champions and brands its opponents as supporters of social injustice and thus as enemies of humankind As an ideological marker social justice always works best when it is not too sharply defined In *Social Justice Isn t What You Think It Is* Michael Novak and Paul Adams seek to clarify the true meaning of social justice and to rescue it from its ideological captors In examining figures ranging from Antonio Rosmini Abraham Lincoln and Hayek to Popes Leo XIII John Paul II and Francis the authors reveal that social justice is not a synonym for progressive government as we have come to believe Rather it is a virtue rooted in Catholic social teaching and developed as an alternative to the unchecked power of the state Almost all social workers see themselves as progressives not conservatives Yet many of their best practices aim to empower families and local communities They stress not individual or state but the vast social space between them Left and right surprisingly meet In this surprising reintroduction of its original intention

Everyday Social Justice and Citizenship Ann Marie Mealey, Pam Jarvis, Jonathan Doherty, Jan Fook, 2017-10-20 Social justice is a concept which is widely touted and lauded as desirable yet its meaning may differ depending on whether its focus is on the underlying values of social justice the more specific objectives these entail or the actual practices or policies which aim to achieve social justice In the current global political context we need to re-examine what we mean by social justice and demonstrate that making a difference and contributing to human flourishing is more achievable than this context would suggest The book aims to increase our sense of being able to enact social justice by showcasing different ways of contributing to social justice and making a difference in different settings and different ways Part 1 introduces a fluid and contextual approach to social justice Part 2 examines social justice and faith perspectives such as Christianity Judaism Islam and community organisations Part 3 illustrates perspectives on children the family sport and local government Part IV provides perspectives of social justice in education Considering concepts of citizenship and social justice from a variety of contemporary perspectives Everyday Social Justice and Citizenship should be considered essential reading for academics and students from a range of social scientific disciplines with an interest in social justice as well as those working in education community work youth work and chaplaincy

Trade, Development, and Social Justice Raj Bhala, 2003 Trade Development and Social Justice examines the greatest challenge currently facing the global trading system the large and growing divide between the First World and the Third World This schism threatens to tear apart the GATT WTO system Eclectic in both its theme and methodology Trade and Development positions itself as a moderate book in both substance and tone In a world of loud and sometimes violent protests about globalization and its effects on poor countries this book offers a reasoned and empathetic approach Using five arguments Marxist Origins Capitalist Growth Models Organizing Trade Rules Special and Differential Treatment Rules and Trade Rules and Social Justice this text advances the thesis that international trade law neither is as unjust toward poor countries as critics of the GATT and WTO claim nor is the law as just toward them as GATT WTO defenders contend Bhala uses tools from economic development theory specifically from the Marxist Leninist critique of trade and from the capitalist models of

economic growth constructed by leading economists The book also uses tools from theology specifically Catholic and Islamic concepts and principles of social justice Additionally Trade Development and Social Justice proposes specific improvements to make international trade law more socially just This book is part of the Studies on Globalization and Society Series edited by Raj Bhala Rice Distinguished Professor The University of Kansas School of Law This particular assessment is a long overdue analysis of how many participants view the entrenched framework for modern international trade For anyone seeking balance this work is a venerable presentation of how nations talk past each other in the supposed world trade dialogue between the Haves and Have Nots American Society of International Law Newsletter March 2004

Pentecostal Perspectives on Social Justice Thomas U. Kurt, 2025-06-10 The beginnings of the Pentecostal movement were characterized by charismatic gifts and an extraordinary missionary dynamic At the same time early Pentecostals stood out from their social environment for their liberal practices on race and women's issues and for their pacifism In a world characterized by violence oppression and exploitation the question of justice is crucial for the future of this world At the same time for Pentecostals the question of the future of this world is closely linked to the kingdom of God This book explores whether there is a common denominator in Pentecostal social ethics what that denominator consists of and what its theological categories are To answer these questions it examines four representatives of the global Pentecostal church who have made prominent contributions in the field of social ethics The results are then discussed in a dialogue with Jürgen Moltmann one of the most prominent voices in systematic theology for social justice and the liberation of the oppressed
