

The Caucasian Chalk Circle

INTRODUCTION

BRIEF BIOGRAPHY OF BERTOLT BRECHT

The German playwright, poet, and theatre director Bertolt Brecht is perhaps best known as a pioneer of epic theatre—plays and musicals which, in stark opposition to naturalistic or realist drama, often employ characters and narratives to highlight the politics of the theatre and to clearly and methodically describe for the audience both the characters' innermost thoughts and the major themes and lessons of the work itself. Brecht began writing drama in 1928, heavily influenced by the violence and injustice of the First World War. His early work had strong socialist overtones, and rejected both societal norms and artistic ones. Brecht made a name for himself in the Berlin theatre scene, and his career soared to great heights with the success of *The Threepenny Opera*—but in 1933, as the Nazis rose to power, Brecht fled Germany and sought refuge in Denmark, Sweden, and Finland while he waited for approval to live and work in the United States. As a writer in exile, he composed some of his most famous work: *Lullaby of Guller*, *Mother Courage and Her Children*, and *The Caucasian Chalk Circle* were all written abroad. Brecht's career was again derailed when he was named as a suspicious individual during the "Red Scare" in the early years of the Cold War—due to his Marxist leanings and his outspokenness about his political views. In 1949, Brecht returned to Berlin and established the Berliner Ensemble. He lived in the Mitte neighborhood of Berlin until his death in 1956. The Berliner Ensemble continues to perform innovative and groundbreaking work to this day.

HISTORICAL CONTEXT

The *Caucasian Chalk Circle* was written while Brecht was in exile during the Second World War. Having witnessed the violence, injustice, and destruction of two world wars in a span of under twenty years, Brecht set *The Caucasian Chalk Circle* against a background of war, corruption, and political turmoil. The play is a critic among Brecht's compositions in that it deals on a happy note, as goodness shines through and justice is restored, at least for Grusha and her abandoned son. The hint of optimism, and the triumph of good over evil and reason over chaos, perhaps speaks to Brecht's Marxist politics and his desire to witness true revolution, lasting change, and an end to the systems of violence and corruption which oppress the poor, the downtrodden, and those targeted by unjust regimes.

RELATED LITERARY WORKS

Brecht is perhaps the most famous writer of epic theatre, but he was not its sole creator. The poet Vladimir Mayakovsky (who is quoted in the prologue of *The Caucasian Chalk Circle*) and the director Evgen Piscator were instrumental in developing and disseminating the ideas and aesthetics of epic theatre. Piscator, as the director of a major theatre company in Berlin, urged writers to address actual societal and existential issues, and would often stage the written works in a style which incorporated sometimes heavy-handed narration and description (such as Brecht's use of Actak and his chorus of singers in *Chalk Circle*). This approach to writing theatre would come to influence work by later playwrights, such as Augustus Boual, who coined the term "The Theatre of the Oppressed" in the 1970s. Boual derived a model of analyzing and producing theatre which focused heavily on audience interaction and the creation of spectacle. The drama of Caryl Churchill, a major British playwright still working today, and the films of Jean-Luc Godard and Harlan, and Lars von Trier have all been described as Brechtian in terms of their use of theatrical devices, direct address, and detached performances from their actors.
