Canadian Labour Policy and Politics John Peters, Don Wells, 2022-11-01. Canadian Labour Policy and Politics is essential reading for undergraduates studying Canada's labour market. This comprehensive textbook traces the causes and rise of labour inequities and outlines solutions for a more sustainable future. Written in clear and accessible language by leading experts and practitioners, this book demonstrates how and why laws and public policy intended to protect workers often leave employees vulnerable and with little economic or social security. Based on up-to-date data and framed in the context of international developments, this essential text provides readers with real-world examples and case studies of how globalization, labour laws, employment standards, COVID-19, and other issues affect workers on and off the job. Canadian Labour Policy and Politics invites students into defining a policy agenda for developing greater economic equality and political inclusiveness while fostering a green recovery. Key features include chapter summaries and outlines, suggestions for further reading, and glossaries of key terms.

American Book Publishing Record, 2006. **Determinants of Democratization in Africa** Mathurin C. Hounnikpo, 2001-11-14. Contrary to conventional wisdom on democratic transition in Africa, civil society alone does not trigger democratization on the continent. *Determinants of Democratization in Africa* fills an important theoretical gap by shedding light on the key variables to democratic transitions in Africa. Mathurin C. Hounnikpo demonstrates that democratic renewal in Africa depends more on the Military incumbent leaders' willingness for change and foreign influence. Hounnikpo shows through a study of Benin and Togo that civil society is necessary but not sufficient for democratization on the continent. *Journal of Mediterranean Studies*, 2006. **The Student's Encyclopaedia of Universal Knowledge**, 1883. **The Globe Encyclopaedia of Universal Information** John Merry Ross, 1879. [Is Democracy a Lost Cause?](#) Alfio Mastropaolo, 2024-08-22. *Is Democracy a Lost Cause* explores the current debate on democracy. It starts by discussing the meaning of democracy and how the understanding of this important political concept has either broadened or contracted depending on changing political circumstances. Mastropaolo then poses the question of what it means for democracy to be the government of the people. He deals with the way in which democratic government has been affected by changes in the fabric of society, by the evolution of democratic theory itself, and by the transformations affecting the state and political parties. Political class and citizens' attitudes towards democratic politics, increasingly characterised by resentment and often taking the form of anti-politics, are analysed in the concluding chapters. **Journal of Theoretical Politics**, 2005.
