Daf Yomi Calendar

Marcel A. Müller

Daf Yomi Calendar:

The Holocaust's Jewish Calendars Alan Rosen, 2019-02-28 The most comprehensive to date treatment of these precious artifacts of the Holocaust's Jewish efforts to maintain religious observations and identity. Choice Calendars map time shaping and delineating our experience of it. While the challenges to tracking Jewish conceptions of time during the Holocaust were substantial, Alan Rosen reveals that many took great risks to mark time within that vast upheaval. Rosen inventories and organizes Jewish calendars according to the wartime settings in which they were produced from Jewish communities to ghettos and concentration camps. The calendars he considers reorient views of Jewish circumstances during the war and show how Jews were committed to fashioning traditional guides to daily life even in the most extreme conditions. In a separate chapter, moreover, he elucidates how Holocaust era diaries sometimes served as surrogate Jewish calendars. All in all, Rosen presents a revised idea of time continuity: the sacred and the mundane, the ordinary and the extraordinary, even when death and destruction were the order of the day. Rosen's focus on the Jewish calendar, the ultimate symbol of continuity as weekday follows weekday and Sabbath follows Sabbath, sheds new light on how Jews maintained connections to their way of conceiving time even within the cauldron of the Holocaust. Rosen demonstrates the relationship between time and meaning between meaning and holiness between holy days and the divine presence, all of which came under assault in the Nazis' effort to kill Jewish souls before destroying Jewish bodies.

The Big Lie David Solway, 2007. Comprises two lengthy essays explicating Solway's response to the attacks of 9/11 which caused him to reassess his dogmatic left liberal anti-American and anti-Zionist worldview. The first essay reflects on the threat posed to Western civilization by a militant Islam, a theologically inspired terrorist movement, and on the ideological capitulation of the liberal and democratic West vis vis this threat. The second essay, "On Being a Jew," pp. 89-244, discusses the meaning of Judaism, the complex nature of Islam, the demonology of antisemitism as directed against the Jewish diaspora in Europe, especially and the Jewish state and the Middle East conflict. Warns that terror and antisemitism are intimately related and the weakness of the West's response to the former and the waxing strength of the latter are indicators that we are living in a faltering society. Muslim hostility toward the Jews and Israel is centuries old and not simply a reaction to the founding of the State of Israel in

1948 The real conflict in the Middle East is not over borders or Palestinian self determination but over the right of the Jewish people to exercise its sovereignty in its ancestral homeland Deplores the fact that not only has the Islamic world adopted Western antisemitism but the West is also adopting Islamic style antisemitism disguised as anti Zionism and is blind to the danger it poses to everything the West stands for De Joden en Israel.
