## Design Guidelines

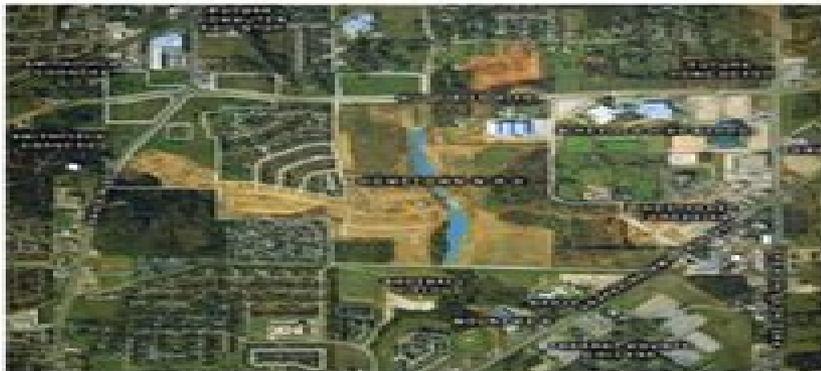

**General**

Home Town H200 is about the quality of modern life. It is about smart innovation and not just the opportunity to walk down safe and attractive streets, to live, work and play within the community.

The urban form of Home Town takes its cues from the small town of downtown Fort Collins. The amenities required to build a world class office community include: appealing public spaces, streets, plazas and boulevards along these streets to our east along

these are also benefits to streets, plazas of parking, and other recreational uses.

Large urban buildings provide space to enable smart businesses to thrive on the outdoors making the downtown the center of activity gathering space. Home Town combines the best of traditional living and modern convenience. Together, Home Town is the best of both worlds.
