Queer Injustice:

Queer (In)Justice Joey L. Mogul, Andrea J. Ritchie, Kay Whitlock, 2011-02-15 The first comprehensive work to turn a queer eye on the criminal justice system providing an eye opening study of LGBTQ rights and equality Drawing on years of research activism and legal advocacy *Queer In Justice* is a searing examination of queer experiences as suspects defendants prisoners and survivors of crime The authors unpack queer criminal archetypes from gleeful gay killers and lethal lesbians to disease spreaders and deceptive gender benders to illustrate the punishment of queer expression regardless of whether a crime was ever committed Tracing stories from the streets to the bench to behind prison bars the authors prove that the policing of sex and gender both bolsters and reinforces racial and gender inequalities An eye opening study of LGBTQ rights and equality *Queer In Justice* illuminates and challenges the many ways in which queer lives are criminalized policed and punished

The Routledge Handbook of Epistemic Injustice Ian James Kidd, José Medina, Gaile Pohlhaus, Jr., 2017-03-31 This outstanding reference source to epistemic injustice is the first collection of its kind Over thirty chapters address topics such as testimonial and hermeneutic injustice and virtue epistemology objectivity and objectification implicit bias gender and race

Queer Histories and the Politics of Policing Emma K. Russell, 2019-08-13 Despite ongoing challenges to the criminalisation and surveillance of queer lives police leaders are now promoted as allies and defenders of LGBT rights However in this book Emma K Russell argues that the surface inclusion of select LGBT identities in the protective aspirations of the law is deeply tenuous and conditional and that police recognition is both premised upon and reproductive of an imaginary of good queer citizens those who are respectable responsible and just like their heterosexual counterparts Based on original empirical research Russell presents a detailed analysis of the political complexities compromises and investments that underpin LGBT efforts to achieve sexual rights and protections With a historical trajectory that spans the so called decriminalisation era to the present day she shows how LGBT activists have both resisted and embraced police incursions into queer space and how with LGBT support police leaders have re crafted histories of violence as stories of institutional progress *Queer Histories and the Politics of Policing* advances broader understandings of the nature of police power and the shifting terrain of sexual citizenship It will be of interest to students and researchers of criminology sociology and law engaged in studies of policing social justice and gender and sexuality

Activist Identity Development of Transgender Social Justice Activists and Educators Ksenija Joksimović, 2020-03-02 *Activist Identity Development of Transgender Social Justice Activists and Educators* introduces an anti oppressive critical and intersectional approach to social justice activism and education and adult education for social change This book examines how state governments laws policies institutions and systems of dominant hegemonic ideologies such as education systems the legal systems and their gatekeepers influence the social position and epistemic agency of transgender and gender non conforming people TGNC therefore shaping their social justice activist and educator identity development The research was conducted with eight TGNC social justice activists and

educators from eight different countries who were at the time in leadership positions in organizations working on the advancement of LGBTQI human rights This volume seeks not only to understand and interpret power structures power relations and inequalities in society which determine social positionality of trans activists and influence the formation and development of their activist identity but also to challenge them by raising critical consciousness questioning dominant cultural political and social domains which determine knowledge production It advocates for a trans affirming intersectional approach to educational provision theory and research
