

REFLECTIONS

The painting depicts a cityscape at night, viewed from a high vantage point. The scene is dominated by dark, silhouetted buildings and streets, punctuated by warm, glowing lights from windows and street lamps. In the upper right, a large, textured, orange-brown area suggests a sky or a distant, brightly lit part of the city. In the foreground, a large, stylized figure in shades of blue and teal is visible, appearing to be a person or a large object. The overall style is expressive and somewhat abstract, with a focus on light and shadow.
