Islamic Legal Methodology: A New Perspective On Uşûl Al-Fiqh Ahmad Kazemi-Moussavi, Hamid Mavani, 2023-10-31 This book discusses the historical development of the legal methodology for the interpretation of the Shari ah and analyzes proposed reforms by modern Muslim scholars This study has two goals 1 to summarize usul al fiqh s rise and development from its rudimentary form to its advanced and mature phase by articulating the contributions of eminent jurists on key intellectual debates and 2 to present a schema of reforms new hermeneutics and epistemology proposed by modernists to bring about foundational changes in Islamic legal methodology so that they can bypass the authority of the legal language The critical distinction between the timeless Shari ah and mutable jurisprudence allows for a mechanism that can review and revise juridical opinions in the light of new information

Wael B Hallaq a renowned sharia scholar has called sharia an episteme that suffered a structural death following the dawn of modernity in the nineteenth and early twentieth centuries Hallaq 2009 15 16 Yet its resurgent is remarkable across a number of jurisdictional fault lines from Muslim majority nations in Middle East and Southeast Asia to Muslim minority societies in Western Europe and North America Across these jurisdictions the relationship between sharia and state law is central It includes sharia state encounters notably in the form of state Islamic law in the field of family law which is often asserted as the core or last stronghold of sharia Moors 2003 2 Coulson 1969 115 6 and other substantive areas of law such as Islamic economics and Islamic philanthropy and also jinayah Islamic penal law Regardless of their differences in their own specific context these areas somehow manage to secure an importance place in the modern days It involves different loci of authority to interpret legislate and enforce sharia or parts of it that not only flourish but also being challenged around the Muslim world Equally important are implications of the increasingly unsettled authority of apparently agreed upon substance of sharia To contribute on these issues we would like to invite scholars from diverse discipline including law anthropology and Islamic studies working in both Muslim majority and Muslim minority contexts to present their works in our International Seminar on Sharia Law and Muslim Society ISSLaMS
