

Stanford Achievement Test Series, Tenth Edition (SAT 10)

The Stanford Achievement Test Series, Tenth Edition (SAT 10), offered by NCS Pearson, is a nationally normed achievement test used with confidence by administrators and teachers for over 90 years.

SAT 10 helps educators obtain reliable data to evaluate progress toward meeting Missouri Statewide Standards and national content standards, including those set by NCTE and NCTM. It also offers educators an added benchmark and ability comparison when administered with the Other Licensed School Ability Test, Eighth Edition (OSL-SAT 8).

The Stanford Series helps identify students' strengths and weaknesses to work individually and groups so that educators can make informed curriculum and achievement decisions. SAT 10 offers:

- Valid and reliable information
- 11 levels (Kindergarten – Grade 10)
- Grade-appropriate content
- Easy-to-use user guides/books
- Materials to support interpretation, instruction, and parent communication

Forms A and D are offered with the exception of the format of the language test. They are composed of the following subjects: Reading, Mathematics, Language (Spelling, Listening, Grammar), Science, and Social Studies.

The Form A language subject uses a traditional approach that measures language proficiency through the assessment of language mechanics and expression.

The Form D language subject uses a comprehensive approach that assesses language proficiency at a more holistic level that replicates the writing process as closely as possible. This subject measures presenting, comparing, and writing on a topic. Subject material resembles a writing task.
