**Dark Sides of the Startup Nation** Sibylle Heilbrunn, 2022-11-29 Israeli national neoliberalism has promoted innovation policies leading to an ostensible paradox At the center is a startup nation with a vibrant and successful high tech entrepreneurial ecosystem accumulating resources and enabling constant growth At the geographical and social

periphery there has emerged a parallel society with often marginalized groups not able to keep up In one of the most unequal countries with a high rate of poverty entrepreneurial heroes are celebrated at the center promoting a myth that all could be self made successes At the periphery entrepreneurs are struggling to survive often pushed into precarious working and living conditions Applying critical theory discourse this book illustrates how neoliberalism and entrepreneurship are intertwined and how the startup nation has evolved in Israel It explores how national neoliberal state policies have targeted technological innovation as a tool to obtain a competitive advantage in the international arena rather than aiming at increasing economic achievements and well being for all It will demonstrate that the Israeli entrepreneurship scene exemplifies the existence of parallel entrepreneurial societal spaces analyze the positionality of entrepreneurs belonging to a variety of groups that characterize Israeli society and uncover structural disadvantages and related levels of precarity as well as existing links between entrepreneurial advantages and disadvantages mobility and varying degrees of social marginality *Dark Sides of the Startup Nation* sheds light onto the problematic and sometimes contradictory myth that entrepreneurship is meritocratic and that neoliberal capitalism provides everyone with equal opportunities to succeed The book will be of interest to researchers academics policy makers and students in the fields of entrepreneurship and small business management responsibility and business ethics and technology and innovation *What's Next for the Startup Nation?* Uri Goldberg,2012 [Start Up Nation](#) Jeffrey Sloan,Richard Sloan,2005 A guide to starting a profitable business includes advice tips and strategies for assessing one s tolerance for risk taking advantage of one s skills avoiding common mistakes and focusing on what one loves to do *The Industry Standard* ,2000-11 *WIPO Magazine* ,2017 *PC World* ,2005 [A People and a Nation: To 1877](#) Mary Beth Norton,1930 This spirited narrative challenges students to think about the meaning of American history Thoughtful inclusion of the lives of everyday people cultural diversity work and popular culture preserves the text s basic approach to American history as a story of all the American people The Seventh Edition maintains the emphasis on the unique social history of the United States and engages students through cutting edge research and scholarship New content includes expanded coverage of modern history post 1945 with discussion of foreign relations gender analysis and race and racial relations Chapter based Links to the World connect US history to global events and provide web links for further research while end of chapter Legacies for a People and a Nation focus on meaningful events or movements relevant to present day issues or controversies *Choice* ,2007 **Business Week** ,1970 [Startup Nation Conference](#) ,2016 [Growing and Managing a Small Business](#) Kathleen R.
