**Ficciones** Jorge Luis Borges, 2015-05-12 Borges's composed carefully wrought gnarled style is at once the means of his art and its object his way of ordering and giving meaning to the bizarre and terrifying world he creates it is a brilliant burnished instrument and it is quite adequate to the extreme demands his baroque imagination makes of it Absolutely and most vividly original Saturday Review The seventeen pieces in Ficciones demonstrate the gargantuan powers of imagination intelligence and style of one of the greatest writers of this or any other century Borges sends us on a journey into a compelling bizarre and profoundly resonant realm we enter the fearful sphere of Pascal's abyss the surreal and literal labyrinth of books and the iconography of eternal return More playful and approachable than the fictions themselves are Borges's Prologues brief elucidations that offer the uninitiated a passageway into the whirlwind of Borges's genius and mirror the precision and potency of his intellect and inventiveness his piercing irony his skepticism and his obsession with fantasy To enter the worlds in Ficciones is to enter the mind of Jorge Luis Borges wherein lies Heaven Hell and everything in between
