Heady,2009-01-01 In recent years there have been many changes to the construction industry s standard form contracts including the American Institute of Architects AIA and Engineer Joint Contract Documents Committee EJCDC documents Additionally a new family of contract documents known as Consensus DOCS was created by agreement among various construction contractor subcontractor owner and surety trade associations **Alternative Clauses to Standard Construction Contracts Third Edition** provides instant access to amendments to AIA AGC EJCDC and Consensus DOCS for owners architects and contractors This unique resource covers all major documents in use throughout the construction industry and enables you to compare between the different documents It delivers practice proven amendments clause by clause It tells you specifically what to insert and delete in order to reach the ends your client desires And it goes so deep it even covers contractors amendments for agreements with subcontractors While it is absolutely essential to stay current with these standard agreements it is imperative that everyone involved in negotiating and drafting construction contracts also have access to practice proven modifications that strengthen the language on behalf of clients If the other parties to your agreement have access to this book and you don t you re placed at a significant disadvantage every step of the way Let the experts from Smith Currie Hancock provide you with invaluable support when negotiating or drafting construction contracts *Building Contracts for Design & Construction* Harold Dana Hauf,1968 Construction Specifications Writing Mark Kalin,Robert S.

Weygant, Harold J. Rosen, John R. Regener, 2010-04-26 Updated edition of the comprehensive rulebook to the specifier's craft. With this latest update *Construction Specifications Writing Sixth Edition* continues to claim distinction as the foremost text on construction specifications. This mainstay in the field offers comprehensive practical and professional guidance to understanding the purposes and processes for preparation of construction specifications. This new edition uses real world document examples that reflect current writing practices shaped by the well established principles and requirements of major professional associations including the American Institute of Architects (AIA), the Engineers Joint Contract Documents Committee (EJCDC) and the Construction Specifications Institute (CSI). Also included are guidelines for correct terminology, product selection, organization of specifications according to recognized CSI formats and practical techniques for document production. Fully revised throughout, this Sixth Edition includes Updates to MasterFormat 2004 as well as SectionFormat PageFormat 2007 and Uniformat. End of chapter questions and specification writing exercises. Samples of the newly updated construction documents from the AIA. New chapter on sustainable design and specifications for LEED projects. Updated information on the role of specifications in Building Information Modeling (BIM).

Recent Developments in Standard Form Construction Contract Documents, 2008 *Contract Documentation for Contractors* Vincent Powell-Smith, John H. M. Sims, Christopher Dancaster, 2008-04-30 The JCT standard forms of building contract require a thorough understanding of their procedural requirements as well as their legal implications. They require both the contractor and the architect on behalf of the employer to send a wide range of notices and letters if each party is to protect its legitimate interests. The main contract forms are also supported by complex sub contract documentation. Therefore it is not surprising that when this book of specimen letters, notices and forms was first published it was widely welcomed by the construction industry. The book provides examples of documentation likely to be required for a contract under the following JCT forms: the Standard Form of Building Contract, the Intermediate Form of Building Contract, the Agreement for Minor Building Works, the Standard Form of Building Contract With Contractor's Design. It includes a commentary on the practical implications of the various documents and highlights the points to be watched. The new edition takes into account the wide range of amendments to the latest editions of the standard forms following the Housing Grants, Construction and Regeneration Act 1996 and in particular the new payment and adjudication provisions. For the first time it features documentation for use with the JCT design and build form.

The American Institute of Architects Official Guide to the 2007 AIA Contract Documents American Institute of Architects, 2009-03-23 No other contracts are more widely used in the construction industry than the American Institute of Architects standard forms. *The American Institute of Architects Official Guide to the 2007 AIA Contract Documents* offers unparalleled insight into the AIA's extensive portfolio of contract documents, helping the reader understand the forms and how to implement them. This guide is divided into two parts. Part One, *The AIA Standard Documents*, examines the role of AIA Contract Documents, their history and how the documents are written and updated. It also reviews the educational and

supporting resources that are part of the AIA's contract documents program Part Two The AIA Documents Companion describes agreements in detail including the purpose and rationale for provisions Separate chapters cover the owner contractor subcontractor owner architect and architect consultant agreements The guide concludes with a chapter describing pivotal legal cases that have helped shape and interpret AIA contracts Samples of the most commonly used contracts are in print in the appendix and an accompanying CD ROM has samples of all AIA Contract Documents in PDF format for Mac and PC computers that released in 2007 as well as the Integrated Project Delivery Family of documents that released in 2008 This book is invaluable for construction project owners attorneys contractors subcontractors design professionals and others involved in the procurement management and delivery of building projects It is also recommended for students and young professionals seeking a degree certification or licensure
