cycle the industry would be currently at the Maturity stage If we look at the competitors we could say that could be Lululemon ASOS SKIMS and Free People Asos owns for example several other brands and its possible that thousands of other firms are competing at a local level The threat of new entrants is relatively low because new competitors are not likely to imitate established players within the industry The company has invested billion dollars in marketing communication and we can clearly see that the brands are global A new entrant has to spend a high amount of money to compete in the market which means that they have to invest in human capital which is not easy That means that the entry barrier is not easy to enter New brands would have an easier task if the only way is to compete at a local level because then you only need a limited amount of resources and additionally it is easier to get access to distribution channels who are local If the company wants to act as a global player it should enter smaller niches of the market connected with smaller investments
