## **Strategy A History Lawrence Freedman:**

*Strategy* Sir Lawrence Freedman, 2013-09-02 Selected as a Financial Times Best Book of 2013 In *Strategy A History* Sir Lawrence Freedman one of the world's leading authorities on war and international politics captures the vast history of strategic thinking in a consistently engaging and insightful account of how strategy came to pervade every aspect of our lives The range of Freedman's narrative is extraordinary moving from the surprisingly advanced strategy practiced in primate groups to the opposing strategies of Achilles and Odysseus in *The Iliad* the strategic advice of Sun Tzu and Machiavelli the great military innovations of Baron Henri de Jomini and Carl von Clausewitz the grounding of revolutionary strategy in class struggles by Marx the insights into corporate strategy found in Peter Drucker and Alfred Sloan and the contributions of the leading social scientists working on strategy today The core issue at the heart of strategy the author notes is whether it is possible to manipulate and shape our environment rather than simply become the victim of forces beyond one's control Time and again Freedman demonstrates that the inherent unpredictability of this environment subject to chance events the efforts of opponents the missteps of friends provides strategy with its challenge and its drama Armies or corporations or nations rarely move from one predictable state of affairs to another but instead feel their way through a series of states each one not quite what was anticipated requiring a reappraisal of the original strategy including its ultimate objective Thus the picture of strategy that emerges in this book is one that is fluid and flexible governed by the starting point not the end point A brilliant overview of the most prominent strategic theories in history from David's use of deception against Goliath to the modern use of game theory in economics this masterful volume sums up a lifetime of reflection on strategy

**Strategy** Lawrence Freedman, 2015 One of the world's leading authorities on war and international politics synthesizes the vast history of strategy's evolution in this consistently engaging and surprising account of how it came to pervade every aspect of life

*Strategy: A History (getAbstract Summary)*, 2019 Review the history of strategy the art of creating power in this audio only summary of the book by Sir Lawrence Freedman a leading authority on war and strategic analysis Freedman discusses the universality of strategic thinking and proceeds to lead readers on an expedition through the history of the Western world tracing the development of strategic thought in warfare politics and 476536564 One of his major themes is that even the best strategy can do no more than attempt to subdue a complex and recalcitrant world This audio only summary from getAbstract distills the most important lessons from his book As Freedman writes Strategy is about power and how to create it but it is also about the ability to understand the limitations of power This audiobook summary was created by getAbstract the world's largest provider of 476536564 book summaries We are pleased to offer this training in our library

*The Future of War* Lawrence Freedman, 2017-10-10 An award winning military historian professor and political adviser delivers the definitive story of warfare in all its guises and applications showing what has driven and continues to drive this uniquely human form of political violence Questions about the future of war are a regular feature of political debate strategic analysis and popular

fiction Where should we look for new dangers What cunning plans might an aggressor have in mind What are the best forms of defense How might peace be preserved or conflict resolved From the French rout at Sedan in 1870 to the relentless contemporary insurgencies in Iraq and Afghanistan Lawrence Freedman a world renowned military thinker reveals how most claims from the military futurists are wrong But they remain influential nonetheless Freedman shows how those who have imagined future war have often had an idealized notion of it as confined brief and decisive and have regularly taken insufficient account of the possibility of long wars hence the stubborn persistence of the idea of a knockout blow whether through a dashing land offensive nuclear first strike or cyberattack He also notes the lack of attention paid to civil wars until the West began to intervene in them during the 1990s and how the boundaries between peace and war between the military the civilian and the criminal are becoming increasingly blurred Freedman s account of a century and a half of warfare and the often misconceived thinking that precedes war is a challenge to hawks and doves alike and puts current strategic thinking into a bracing historical perspective *Journal of Medieval Military History* John France, Kelly DeVries, Clifford J. Rogers, 2018-04-20 The *Journal of Medieval Military History* continues to consolidate its now assured position as the leading academic vehicle for scholarly publication in the field of medieval warfare Medieval Warfare The articles here offer a wide range of approaches to medieval warfare They include traditional studies of strategy on Baybars and the logistics of Edward II s wars as well as cultural history an examination of chivalry in Guy of Warwick intellectual history a broad analysis of strategic theory in the Middle Ages and social history on knightly training in arms The Hundred Years War is studied using cutting edge methodology data driven analysis of skirmishes and by tackling relatively new areas of inquiry environmental history There is also a close reading of Carolingian documents which sheds new light on armies and warfare in the time of Charles the Great Contributors Ronald W Braasch III Pierre Galle Walter Goffart Carl I Hammer John Hosler Rabei G Khamisy Ilana Krug Danny Lake Gigu re Brian Price **The New Makers of Modern Strategy** Hal Brands, 2023-05-02 The essential resource on military and political strategy and the making of the modern world *The New Makers of Modern Strategy* is the next generation of the definitive work on strategy and the key figures who have shaped the theory and practice of war and statecraft throughout the centuries Featuring entirely new entries by a who s who of world class scholars this new edition provides global comparative perspectives on strategic thought from antiquity to today surveying both classical and current themes of strategy while devoting greater attention to the Cold War and post 9 11 eras The contributors evaluate the timeless requirements of effective strategy while tracing the revolutionary changes that challenge the makers of strategy in the contemporary world Amid intensifying global disorder the study of strategy and its history has never been more relevant *The New Makers of Modern Strategy* draws vital lessons from history s most influential strategists from Thucydides and Sun Zi to Clausewitz Napoleon Churchill Mao Ben Gurion Andrew Marshall Xi Jinping and Qassem Soleimani With contributions by Dmitry Adamsky John Bew Tami Davis Biddle Hal Brands Antulio J Echevarria II Elizabeth Economy

War, Strategy and History Daniel Marston, Tamara Leahy, 2016-05-31 This is a collection of essays in honour of eminent Professor Robert O Neill Each chapter was written by prominent academics and practitioners who have had a professional connection with Professor O Neill during his long and distinguished career The overarching themes running throughout the book are war strategy and history All the essays are shaped by the role that Professor O Neill has played over the last 50 years in the debates in Australia Europe and the US This book covers not only Professor O Neill s impressive career but also the evolution of strategy in practice and of strategic studies as an internationally recognised academic discipline

**Parameters**, 2014 History and Strategy Marc Trachtenberg, 2020-09-01 This work is a powerful demonstration of how historical analysis can be brought to bear on the study of strategic issues and conversely how strategic thinking can help drive historical research Based largely on newly released American archives History and Strategy focuses on the twenty years following World War II By bridging the sizable gap between the intellectual world of historians and that of strategists and political scientists the essays here present a fresh and unified view of how to explore international politics in the nuclear era The book begins with an overview of strategic thought in America from 1952 through 1966 and ends with a discussion of making sense of the nuclear age Trachtenberg reevaluates the immediate causes of World War I studies the impact of the shifting nuclear balance on American strategy in the early 1950s examines the relationship between the nuclearization of NATO and U S West European relations and looks at the Berlin and the Cuban crises He shows throughout that there are startling discoveries to be made about events that seem to have been thoroughly investigated

Ukraine and the Art of Strategy Lawrence Freedman, 2019-01-04 The Russian invasion of Crimea in 2014 subsequent war in Eastern Ukraine and economic sanctions imposed by the West transformed European politics These events marked a dramatic shift away from the optimism of the post Cold War era The conflict did not escalate to the levels originally feared but nor was either side able to bring it to a definitive conclusion Ukraine suffered a loss of territory but was not forced into changing its policies away from the Westward course adopted as a result of the EuroMaidan uprising of February 2014 President Putin was left supporting a separatist enclave as Russia s economy suffered significant damage In Ukraine and the Art of Strategy Lawrence Freedman author of the landmark Strategy A History provides an account of the origins and course of the Russia Ukraine conflict through the lens of strategy Freedman describes the development of President Putin s anxieties that former Soviet countries were being drawn towards the European Union

the effective pressure he put on President Yanokvych of Ukraine during 2013 to turn away from the EU and the resulting EuroMaidan Revolution which led to Yanukovych fleeing He explores the reluctance of Putin to use Russian forces to do more that consolidate the insurgency in Eastern Ukraine the failure of the Minsk peace process and the limits of the international response Putin s strategic making is kept in view at all times including his use of information warfare and attempts to influence the American election In contrast to those who see the Russian leader as a master operator who catches out the West with bold moves Freedman sees him as impulsive and so forced to improvise when his gambles fail Freedman s application of his strategic perspective to this supremely important conflict challenges our understanding of some of its key features and the idea that Vladimir Putin is unmatched as a strategic mastermind

**The Art of Creating Power** Benedict Wilkinson,James Gow,2017-09-01 The Art of Creating Power explores the intellectual thought and wider impact on military affairs politics and the universities of Professor Sir Lawrence Freedman one of the world s leading authorities on strategy conflict and international politics In this volume senior scholars of international relations and military history trace the long trajectory of Freedman s career examining his scholarly contribution to a whole host of areas from nuclear strategy to US foreign policy via terrorism the Falklands War and Iraq Individually these essays provide fascinating and innovative insights into strategy contemporary defence and foreign policy and conflict Taken together however they are greater than the sum of their parts as they both reflect and explore the theoretical approach adopted and taught by Freedman one that has made him one of the great intellectual figures in the canon of international politics strategy and war Throughout his professional life Freedman explored many of the uncertainties that plague our highly unstable world But as conflicts continue to erupt across the globe it seems we may be entering an even more precarious and uncertain era There could hardly be a better time than today to gain a deeper understanding of Freedman s strategic insights

**Palgrave Advances in Cold War History** Geraint Hughes,2006-05-31 This innovative collection deals with the ideational cultural political and strategic aspects of the multifaceted Cold War Drawing on the work of numerous established scholars and experts this volume combines knowledge of the subject with key intellectual trends that have been developed over recent years

[India's Wars I](#) Arjun Subramaniam,2016-04-10 From a serving air force officer an account of the wars India has fought The armed forces play a key role in protecting India and occupy a special place in people s hearts Yet standard accounts of contemporary Indian history rarely have a military dimension In India s Wars serving Air Vice Marshal Arjun Subramaniam who has a Ph D in Defence and Strategic Studies seeks to give India s military exploits their rightful place in history Beginning with a snapshot of the growth of the armed forces he provides detailed accounts of the conflicts from Independence to 1971 the first India Pakistan war of 1947 48 the liberation of Hyderabad and Junagadh the campaign to evict the Portuguese from Goa in 1961 and the full blown wars against China and Pakistan At the same time India s Wars is much more than a record of events It is a tribute to the valour of the men and women in olive green white and blue in the hope that it reaches out to a large audience

specially the youth It highlights ways to improve the synergy between the three services as too emphasizes the need to declassify material about national security Laced with veterans exhilarating experiences in combat operations India s Wars fuses the strategic operational tactical and human dimensions of war with great finesse Deeply researched and passionately written it unfolds with surprising ease and offers a fresh perspective on independent India s history On Strategists and Strategy Lawrence Freedman,2025-12 On Strategists and Strategy exhibits a selection of Lawrence Freedman s writing from the past ten years illustrating his analytical talent across a broad range of subject areas and providing unique insights into key historical events including the Russia Ukraine war Included are biographical chapters on strategic thinkers and academics who influenced Freedman s own development providing more personal insight into some of the key actors who shaped history This curated collection captures some of Lawrence Freedman s most insightful writing on foreign policy strategy and military history through to current conflicts **The Oxford Companion to American Military History** , **Crafting Naval Strategy** Bruce B. Stubbs,2021 Naval War College Review ,2018 The Hattendorf Prize Lectures Evan Wilson,2020 *Naval History* ,2019 **Special Operations Forces** Emily Spencer,2011 In order to expand the dialogue of Canadian Special Operations Forces and their unique range of capabilities with their partners within the defence community the media and the Canadian public a symposium was held at the Royal Military College of Canada in 2010 This volume represents an amalgam of the presentations and ideas that were put forward by scholars and military practitioners in order to both educate as well as create discourse on the subject of SOF Beginning with the Canadian SOF legacy and how it has evolved to meet the nation s needs it moves on to look at crucial components of force development and ways in which SOF help to shape the area of operations It explores important issues such as the role of SOF as an economy of effort economy of force option in the contemporary operating environment as well as the budding media SOF relationship
