---

Engineering is the professional art of applying science to the optimum conversion of the resources of nature to benefit man. As a career-oriented applied education, Civil Engineering Students Internship Program (CESIP) bridges the gap between theory and practice and provides students with practical, field based, real world experiences during their years of study. CESIP provide us the following opportunities:

For these practical & technical skills we participated in CESIP-2012 under "GENETIC LIMITED" construction firm.
