*Encyclopedia of Black Studies* Molefi Kete Asante, Ama Mazama, 2004-10-01 Click Additional Materials for downloadable samples. The Encyclopedia of Black Studies is the leading reference source for dynamic and innovative research on the Black experience. The concept for the encyclopedia was developed from the successful Journal of Black Studies (SAGE) and contains a full analysis of the economic, political, sociological, historical, literary, and philosophical issues related to Americans of African descent. This single volume reference is the vanguard of the recent explosive growth in quality scholarship in the field. More than a chronicle of Black culture or Black people, this encyclopedia deals with the emergence and maturity of an intellectual field over the past four decades.
