**Ohio Medical Marijuana Level I and Level II Cultivator Application Review** Ohio. Auditor of State, 2018 The Department of Commerce The Department was assigned the responsibility of licensing administering monitoring and the development and enforcement of rules for marijuana cultivators testing laboratories and processors Additionally the Department is responsible for implementing an electronic database for compliance monitoring and production control from seed to sale in accordance with the Ohio Revised Code The Auditor of State's review found numerous instances of errors and inconsistencies in the evaluation and scoring of applicants and examples of the Department acting in violation of the Ohio Revised Code ORC and Ohio Administrative Code OAC Most notably the OAC 3796.2-1-01 limits the number of provisional cultivator licenses that could be awarded before Sept 8 2018 to 12 per cultivator type for both Level I and Level II cultivators The Department issued an additional Level I and

an additional Level II provisional license in excess of the established threshold in an attempt to resolve errors made by the Department and its reviewers which resulted in an apparent violation of state law *Crime Control Digest*, 1981
