CONSTRUCTION

TOOLS AND MATERIALS

Glue or tape

Any type of glue or tape will hold the mask together, but a glue stick or double-sided tape is the quickest and cleanest material to use. PVA glue will also work but the drying time for each tab is considerably longer.

ASSEMBLING THE MASK

1. Press out all of the template pieces.
2. Make the valley and mountain folds in preparation. Push along the edge of each fold to make sure that it is well defined and crisp – this sharpens the fold, the better the finished mask will look.
3. Using the order of work below, find two template pieces that have edges with a corresponding number. For example, edge number 1 in pairs together with another edge number 1.
4. In each pair of numbered edges, one part will have a gluing tab and one will not. The gluing tab will always go on the inside of the mask. Test fit each pair before you apply the glue or tape to the tab. Once you are happy with how the parts fit together, apply glue to the outer surface of the tab and bring the two edges together. Apply pressure to the join until the glue has set enough to hold on its own.

ORDER OF WORK

HEADBANDS

Once you have built the mask, make the headband and tape it to the inside of the mask, using the following instructions:

1. Join the three sections of the band into a strip leaving one end open. We have allowed 30mm overlaps for each join. Then wrap the band around your head overlapping the two loose ends.
2. Tape or glue the final overlap so that the band fits snugly but not tight on your head.
3. Slip the band off your head and tape the front of the band (the section without a tab) to the front of the inside of the mask. You may need to play around with the position of the band to get the mask to sit on your head in the way that you want.
4. Tape the three upright tabs to the inside of the mask to hold the band in place.

VALLEY AND MOUNTAIN FOLDS

To create the mask, you'll need to use two types of simple paper folds:

Valley fold
represented by a dashed line

Mountain fold
represented by a dashed line with dots
