Moral Philosophy Oup

Roger Crisp

Moral Philosophy Oup:

Oxford Studies in Normative Ethics Volume 10 Mark Timmons,2020-10-15 Oxford Studies in Normative Ethics is an annual forum for new work in normative ethical theory Leading philosophers present original contributions to our understanding of a wide range of moral issues and positions from analysis of competing approaches to normative ethics including moral realism constructivism and expressivism to questions of how we should act and live well OSNE will be an essential resource for scholars and students working in moral philosophy **Oxford Studies in Normative Ethics** Mark Timmons,2016 OSNE is an annual forum for new work in normative ethical theory Leading philosophers advance our understanding of a wide range of moral issues and positions from analysis of competing normative theories to questions of how we should act and live well OSNE will be an essential resource for scholars and students working in moral philosophy

Oxford Studies in Normative Ethics, Volume 6 Mark Timmons,2016-12-01 Oxford Studies in Normative Ethics is an annual forum for new work in normative ethical theory Leading philosophers present original contributions to our understanding of a wide range of moral issues and positions from analysis of competing approaches to normative ethics including moral realism constructivism and expressivism to questions of how we should act and live well OSNE will be an essential resource for scholars and students working in moral philosophy **Oxford Studies in Metaethics Volume 15** Russ Shafer-Landau,2020-07-15 Oxford Studies in Metaethics is the only publication devoted exclusively to original philosophical work in the foundations of ethics It provides an annual selection of much of the best new scholarship being done in the field Its broad purview includes work being done at the intersections of ethical theory with metaphysics epistemology philosophy of language and philosophy of mind The essays included in the series provide an excellent basis for understanding recent developments in the field those who would like to acquaint themselves with the current state of play in metaethics would do well to start here **The Oxford Handbook of the History of Ethics** Roger Crisp,2013-01-31 Philosophical ethics consists in the human endeavour to answer rationally the fundamental question of how we should live The Oxford Handbook of the History of Ethics explores the history of philosophical ethics in the western tradition from Homer until the present day It provides a broad overview of the views of many of the main thinkers schools and periods and includes in addition essays on topics such as autonomy and impartiality The authors are international leaders in their field and use their expertise and specialist knowledge to illuminate the relevance of their work to discussions in contemporary ethics The essays are specially written for this volume and in each case introduce the reader to the main lines of interpretation and criticism that have arisen in the professional history of philosophy over the past two or three decades

Sacrifice Regained Roger Crisp,2019 From Thomas Hobbes to Jeremy Bentham British Moralists have questioned whether being virtuous makes you happy Roger Crisp elucidates their views on happiness and virtue self interest and sacrifice and well being and morality and highlights key themes such as psychological egoism evaluative hedonism and moral

reason in their thought *Morality, Reflection, and Ideology* Edward Harcourt,2000-11-23 How far can our moral beliefs and practices survive the reflective understanding we have of them This is the question posed by *Morality Reflection and Ideology* thus initiating a discussion in which the concept of the moral or ethical and those of reflection and ideology appear together for the illumination of each The intricate relations between these concepts are explored by eminent contributors from the UK and the US including Bernard Williams They demonstrate how this question arises in a variety of different areas of philosophy from the work of a particular historical figure to the metaphysics of morals and from moral psychology to ethical and political theory Reasons First Mark Schroeder,2023-09-28 The last fifty years or more of ethical theory have been preoccupied by a turn to reasons The vocabulary of reasons has become a common currency not only in ethics but in epistemology action theory and many related areas It is now common for example to see central theses such as evidentialism in epistemology and egalitarianism in political philosophy formulated in terms of reasons And some have even claimed that the vocabulary of reasons is so useful precisely because reasons have analytical and explanatory priority over other normative concepts that reasons in that sense come first *Reasons First* systematically explores both the benefits and burdens of the hypothesis that reasons do indeed come first in normative theory against the conjecture that theorizing in both ethics and epistemology can only be hampered by neglect of the other Bringing two decades of work on reasons in both ethics and epistemology to bear Mark Schroeder argues that some of the most important challenges to the idea that reasons could come first are themselves the source of some of the most obstinate puzzles in epistemology about how perceptual experience could provide evidence about the world and about what can make evidence sufficient to justify belief And he shows that along with moral worth one of the very best cases for the fundamental explanatory power of reasons in normative theory actually comes from knowledge **Oxford Studies in Normative Ethics Volume 11** Mark Timmons,2021-11-11 Oxford Studies in Normative Ethics is an annual forum for new work in normative ethical theory Leading philosophers present original contributions to our understanding of a wide range of moral issues and positions from analysis of competing approaches to normative ethics including moral realism constructivism and expressivism to questions of how we should act and live well OSNE is an essential resource for scholars and students working in moral philosophy *Oxford Studies in Normative Ethics, Volume 5* Mark Timmons,2015-10-01 Oxford Studies in Normative Ethics is an annual forum for new work in normative ethical theory Leading philosophers present original contributions to our understanding of a wide range of moral issues and positions from analysis of competing approaches to normative ethics including moral realism constructivism and expressivism to questions of how we should act and live well OSNE will be an essential resource for scholars and students working in moral philosophy **Oxford Studies in Metaethics Volume 16** Russ Shafer-Landau,2021-06-18 Oxford Studies in Metaethics is the only publication devoted exclusively to original philosophical work in the foundations of ethics It provides an annual selection of much of the best new scholarship being done in the field Its broad purview includes work being done

at the intersections of ethical theory with metaphysics epistemology philosophy of language and philosophy of mind The essays included in the series provide an excellent basis for understanding recent developments in the field those who would like to acquaint themselves with the current state of play in metaethics would do well to start here Topics explored in Volume 16 include moral worth moral testimony moral evaluation expressivism reasons and normativity

The Development of Ethics, Volume 3 Terence Irwin, 2009-09-10 This book is a selective historical and critical study of moral philosophy in the Socratic tradition with special attention to Aristotelian naturalism It discusses the main topics of moral philosophy as they have developed historically including the human good human nature justice friendship and morality the methods of moral inquiry the virtues and their connexions will freedom and responsibility reason and emotion relativism subjectivism and realism the theological aspect of morality The first volume discusses ancient and mediaeval moral philosophy The second volume examines early modern moral philosophy from the 16th to the 18th century This third volume continues the story up to Rawls s Theory of Justice A comparison between the Kantian and the Aristotelian outlook is one central theme of the third volume The chapters on Kant compare Kant both with his rationalist and empiricist predecessors and with the Aristotelian naturalist tradition Reactions to Kant are traced through Hegel Schopenhauer Nietzsche and Kierkegaard Utilitarian and idealist approaches to Kantian and Aristotelian views are traced through Sidgwick Bradley and Green Mill and Sidgwick provide a link between 18th century rationalism and sentimentalism and the 20th century debates in the metaphysics and epistemology of morality These debates are explored in Moore Ross Stevenson Hare C I Lewis Heidegger and in some more recent meta ethical discussion This volume concludes with a discussion of Rawls with special emphasis on a comparison of his position with utilitarianism intuitionism Kantianism naturalism and idealism Since this book seeks to be not only descriptive and exegetical but also philosophical it discusses the comparative merits of different views the difficulties that they raise and how some of the difficulties might be resolved It presents the leading moral philosophers of the past as participants in a rational discussion in which the contemporary reader can participate

The Development of Ethics: Volume 2 Terence Irwin, 2008-07-31 The Development of Ethics is a selective historical and critical study of moral philosophy in the Socratic tradition with special attention to Aristotelian naturalism It discusses the main topics of moral philosophy as they have developed historically including the human good human nature justice friendship and morality the methods of moral inquiry the virtues and their connexions will freedom and responsibility reason and emotion relativism subjectivism and realism the theological aspect of morality This volume examines early modern moral philosophy from the sixteenth to the eighteenth century Volume 3 will continue the story up to Rawls s Theory of Justice The present volume begins with Suarez s interpretation of Scholastic moral philosophy and examines seventeenth and eighteenth century responses to the Scholastic outlook to see how far they constitute a distinctively different conception of moral philosophy The treatments of natural law by Grotius Hobbes Cumberland and Pufendorf are treated in some detail Disputes about moral

facts moral judgments and moral motivation are traced through Cudworth Clarke Balguy Hutcheson Hume Price and Reid Butler's defence of a naturalist account of morality is examined and compared with the Aristotelian and Scholastic views discussed in Volume 1 The volume ends with a survey of the persistence of voluntarism in English moral philosophy and a brief discussion of the contrasts and connexions between Rousseau and earlier views on natural law The emphasis of the book is not purely descriptive narrative or exegetical but also philosophical Irwin discusses the comparative merits of different views the difficulties that they raise and how some of the difficulties might be resolved The book tries to present the leading moral philosophers of the past as participants in a rational discussion that is still being carried on and tries to help the reader to participate in this discussion

Reading Hume on the Principles of Morals Jacqueline Taylor, 2020-03-19

Hume's Enquiry concerning the Principles of Morals is one of the landmark works in the history of moral philosophy this volume presents a section by section study of the work in the form of new interpretative essays by leading Hume scholars The result is a comprehensive reassessment of Hume's recasting of his moral philosophy in this work Particular attention is given to the Enlightenment concepts of justice and benevolence as well as to the concept of humanity and moral sentiment Fifteen original chapters take the reader through the nine sections and four appendices of Hume's Enquiry as well as A Dialogue to assess critically the moral philosophy he presents How does it differ from the moral philosophy of the Treatise and how should we understand the significance of the arguments he advances Additional chapters examine the relation between Hume's mature moral philosophy and related subjects such as his epistemology his writings on religion beauty and criticism the passions and his own intellectual and philosophical development during the period in which he conceived and wrote the Enquiry

The Development of Ethics Terence Irwin, 2007 This book is a selective historical and critical study of moral philosophy in the Socratic tradition with special attention to Aristotelian naturalism It discusses the main topics of moral philosophy as they have developed historically including the human good human nature justice friendship and morality the methods of moral inquiry the virtues and their connexions will freedom and responsibility reason and emotion relativism subjectivism and realism the theological aspect of morality The first volume discusses ancient and mediaeval moral philosophy The second volume examines early modern moral philosophy from the 16th to the 18th century This third volume continues the story up to Rawls's Theory of Justice A comparison between the Kantian and the Aristotelian outlook is one central theme of the third volume The chapters on Kant compare Kant both with his rationalist and empiricist predecessors and with the Aristotelian naturalist tradition Reactions to Kant are traced through Hegel Schopenhauer Nietzsche and Kierkegaard Utilitarian and idealist approaches to Kantian and Aristotelian views are traced through Sidgwick Bradley and Green Mill and Sidgwick provide a link between 18th century rationalism and sentimentalism and the 20th century debates in the metaphysics and epistemology of morality These debates are explored in Moore Ross Stevenson Hare C I Lewis Heidegger and in some more recent meta ethical discussion This volume concludes with a discussion of Rawls with special

emphasis on a comparison of his position with utilitarianism intuitionism Kantianism naturalism and idealism Since this book seeks to be not only descriptive and exegetical but also philosophical it discusses the comparative merits of different views the difficulties that they raise and how some of the difficulties might be resolved It presents the leading moral philosophers of the past as participants in a rational discussion in which the contemporary reader can participate EBL **The Oxford Handbook of Virtue** Nancy E. Snow,2018 The late twentieth and early twenty first centuries have seen a renaissance in the study of virtue a topic that has prevailed in philosophical work since the time of Aristotle Several major developments have conspired to mark this new age Foremost among them some argue is the birth of virtue ethics an approach to ethics that focuses on virtue in place of consequentialism the view that normative properties depend only on consequences or deontology the study of what we have a moral duty to do The emergence of new virtue theories also marks this new wave of work on virtue Put simply these are theories about what virtue is and they include Kantian and utilitarian virtue theories Concurrently virtue ethics is being applied to other fields where it hasn t been used before including bioethics and education In addition to these developments the study of virtue in epistemological theories has become increasingly widespread to the point that it has spawned a subfield known as virtue epistemology This volume therefore provides a representative overview of philosophical work on virtue It is divided into seven parts conceptualizations of virtue historical and religious accounts contemporary virtue ethics and theories of virtue central concepts and issues critical examinations applied virtue ethics and virtue epistemology Forty two chapters by distinguished scholars offer insights and directions for further research In addition to philosophy authors also deal with virtues in non western philosophical traditions religion and psychological perspectives on virtue *Human Rights: Moral or Political?* Adam Etinson,2018-03-09 Over the past decade or so philosophical speculation about human rights has tended to fall into two streams On the one hand there are Orthodox theorists who think of human rights as natural rights moral rights that we have simply in virtue of being human On the other hand there are Political theorists who think of human rights as rights that play a distinctive role or set of roles in modern international politics setting universal standards of political legitimacy serving as norms of international concern and or imposing limits on the exercise of national sovereignty This edited volume explores this disagreement its underlying sources and related issues in the philosophy of human rights Using the Orthodox Political debate as a springboard for broader reflection the volume covers a diverse range of questions about the relevance of the history of human rights to their philosophical comprehension how to properly understand the relationship between human rights morality and law how to balance the normative character of human rights their description of an ideal world with the requirement that they be feasible in the here and now the role of human rights in a world shaped by politics and power and how to reconcile the individualistic and communitarian aspects of human rights All chapters are accompanied by useful and probing commentaries which help to create dialogues throughout the entire volume *Ethics Through History* Terence Irwin,2020

What is the human good What are the primary virtues that make a good person What makes an action right Must we try to maximize good consequences How can we know what is right and good Can morality be rationally justified In *Ethics Through History* Terence Irwin addresses such fundamental questions making these central debates intelligible to readers without an extensive background in philosophy He provides an extended historical and philosophical discussion of the major questions and key philosophers in the history of ethics from Socrates onwards Irwin covers notable ancient medieval and modern moral philosophers whose engaging arguments have formed the agenda for contemporary ethical theory paying particular attention to both the strengths and weaknesses of their respective positions

Oxford Handbook of Reasons and Normativity Daniel Star, 2022-08-25 The *Oxford Handbook of Reasons and Normativity* maps a central terrain of philosophy and provides an authoritative guide to it Few concepts have received as much attention in recent philosophy as the concept of a reason to do or believe something And one of the most contested ideas in philosophy is normativity the ought in claims that we ought to do or believe something This is the first volume to provide broad coverage of the study of reasons and normativity across multiple philosophical subfields In addition to focusing on reasons in ethics epistemology and the philosophy of mind action and language the Handbook explores philosophical work on the nature of normativity in general Topics covered include the unity of normativity the fundamentality of reasons attempts to explain reasons in other terms the relation of motivational reasons to normative reasons the internalist constraint the logic and language of reasons and ought connections between reasons intentions choices and actions connections between reasons reasoning and rationality connections between reasons knowledge understanding and evidence reasons encountered in perception and testimony moral principles prudence and reasons agent relative reasons epistemic challenges to our access to reasons normativity in relation to meaning concepts and intentionality instrumental reasons pragmatic reasons for belief aesthetic reasons and reasons for emotions

Wrongdoing and the Moral Emotions Derk Pereboom, 2021-08-05 *Wrongdoing and the Moral Emotions* provides an account of how we might effectively address wrongdoing given challenges to the legitimacy of anger and retribution that arise from ethical considerations and from concerns about free will The issue is introduced in Chapter 1 Chapter 2 asks how we might conceive of blame without retribution and proposes an account of blame as moral protest whose function is to secure forward looking goals such as the moral reform of the wrongdoer and reconciliation in relationships Chapter 3 considers whether it is possible to justify effectively dealing those who pose dangerous threats if they do not deserve to be harmed and contends that wrongfully posing a threat is the core condition for the legitimacy of defensive harming Chapter 4 provides an account of how to treat criminals without a retributive justification for punishment and argues for an account in which the right of self defense provides justification for measures such as preventative detention Chapter 5 considers how we might forgive if wrongdoers don't basically deserve the pain of being resented which forgiveness would then renounce and proposes that forgiveness be conceived instead as renunciation of the stance of moral protest Chapter 6 considers how personal

relationships might function without retributive anger having a role in responding to wrongdoing and contends that the stance of moral protest supplemented with non retributive emotions is sufficient Chapter 7 surveys the options for theistic and atheistic attitudes regarding the fate of humanity in a deterministic universe and defends an impartial hope for humanity

Embracing the Tune of Appearance: An Emotional Symphony within **Moral Philosophy Oup**

In a global consumed by screens and the ceaseless chatter of instant interaction, the melodic elegance and mental symphony produced by the written word frequently disappear into the back ground, eclipsed by the persistent noise and distractions that permeate our lives. Nevertheless, set within the pages of **Moral Philosophy Oup** a marvelous literary treasure brimming with organic feelings, lies an immersive symphony waiting to be embraced. Constructed by a masterful composer of language, this fascinating masterpiece conducts visitors on an emotional trip, well unraveling the concealed songs and profound impact resonating within each carefully constructed phrase. Within the depths of the emotional examination, we can discover the book is key harmonies, analyze their enthralling publishing type, and submit ourselves to the profound resonance that echoes in the depths of readers souls.

Moral Philosophy Oup Introduction

In today's digital age, the availability of Moral Philosophy Oup books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Moral Philosophy Oup books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Moral Philosophy Oup books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Moral Philosophy Oup versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Moral Philosophy Oup books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Moral Philosophy Oup books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Moral Philosophy Oup books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated

to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Moral Philosophy Oup books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Moral Philosophy Oup books and manuals for download and embark on your journey of knowledge?

FAQs About Moral Philosophy Oup Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Moral Philosophy Oup is one of the best book in our library for free trial. We provide copy of Moral Philosophy Oup in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Moral Philosophy Oup. Where to download Moral Philosophy Oup online for free? Are you looking for Moral Philosophy Oup PDF? This is definitely going to save you time and cash in something you should think about.
