Call Me Phin:

Call Me Phin Phineas F. Ellis, 2010-06-03 This book is an autobiographical account of the life and times of Phineas F. Ellis of Castle Hill, Aroostook County, Maine. Mr. Ellis was first and foremost a true public servant. From the bold stand that he took that resulted in a new mail line out of Ashland, Maine, to the financial sacrifices he made to serve in the Maine State Legislature, to the many acts of service and kindness he rendered during the years he served as the Town Manager of Mapleton and Castle Hill, Phin gave a great deal to all around him. As we join Phin on his journey, we are able to watch over his shoulder and catch a glimpse into the lives and observe the culture of the people in rural Aroostook County during the early to mid-20th century. We learn of the infamous lynching of Jim Cullen, hear the story of a U.S. Senator's grandfather nearly losing his life at a remote lumber camp, and are told of premonitions received as he relates stories of being inspired to help others. We also learn how the Arthur R. Gould Memorial Hospital in Presque Isle, Maine, was established and observe the functions of the new hospital through Phin's role as its first administrator. Phineas Franklin Ellis was a pioneer who understood the value of hard work. He was full of humility and determined to help those around him by taking an active role in bringing positive changes to their lives. This book will inspire and delight. It will remind you of where you came from and will help you see what is most important in life.

He does, however, have an unbest friend who he does not repeat, not want to upgrade to best friend status. But disaster strikes when his teacher pairs Mac and his unbest friend together for the upcoming science fair. Worse, this unbest friend wants the project to be on dinosaurs, which is so third grade. Worse still, it seems as though everyone else in his class finds the unbest friend as unlikable as Mac does. But being a boy scientist, once Mac notices this, he just might have to do some investigating. This very funny young middle grade novel includes tantalizingly gruesome experiments for exploding your own volcanoes and imploding marshmallows.
