Cj250t, Cb360, Cl360, Cb360t & Cj360t Floyd Clymer,2023-08-29 170 pages and more than 450 illustrations and charts size  
8 25 x 10 75 inches This workshop manual is a compilation of 4 original Honda publications It includes a reproduction of the  
original 250cc and 360cc twin cylinder 1974 factory workshop manual for both the disc brake and drum brake models plus 3  
factory supplements that cover both the 5 and 6 speed variants which extends the coverage of the original manual through  
1977 The models covered are CB250 CJ250T CB360 CL360 CB360T and CJ360T Many of the earlier Honda motorcycle  
models were often introduced at different times and in different countries using different model names or designations For  
example the CB 250 was predominantly sold in the European market and not officially available in the USA However the  
360cc models were available in both Europe and the USA Unfortunately this often leads to difficulty in selecting the correct  
workshop manual and owners of this series of 250cc and 360cc twins are subjected to considerable confusion surrounding  
the appropriate selection from the multitude of OEM publications that have recently flooded the on line marketplace This  
confusion is compounded by the fact that Honda used both 5 and 6 speed transmissions within the 1974 to 1977 production  
run of the 250 360 series Owners of the 1968 1973 twin cylinder 5 speed 250cc and 350cc models are directed to our Honda  
factory workshop manual ISBN 9781588502612 Owners of the 1961 1968 twin cylinder 250cc and 305cc C72 C77 series will  
require our Honda factory workshop manual ISBN 9781588500731 Finally please note that the text in the original Honda  
Factory Workshop Manual was translated from Japanese into English Consequently some of the phrasing grammar  
punctuation and word usage may be subtly different from that commonly used in the English language However the  
information as presented is readily understandable In addition while we have done our best to identify any anomalies errors  
and incorrect spelling that may have occurred during the original translation process we are certain that we will have missed  
one or two and we request your indulgence in ignoring them      **WALNECK'S CLASSIC CYCLE TRADER, ISSUE #33** Causey
