Sustainable Development Policy Michael von Hauff, Claudia Kuhnke, 2017-04-21 Sustainable Development Policy A European Perspective uses a variety of multidisciplinary perspectives to explore the ways in which sustainable infrastructures can play a more prominent and effective role in international development policy Building on a solid introduction to sustainability and development policy this book discusses ways in which viable reform can be promoted through coherent governing the design of social security systems education systems and the possibilities of fair trade as an alternative trading concept Sustainable Development Policy generates a platform on which to encourage constructive dialogue on issues surrounding sustainability in the wake of the global scarcity of natural and economic resources This edited collection will be of great interest to all students and lecturers of development studies and development policy as well as researchers from other disciplines looking for an introduction to sustainable development policy and its practical applications

Quality and Impact in Global Education Claudia Bergmüller, Susanne Höck, Bernward Causemann, Jean-Marie Krier, Eva Quiring, 2021 For several years now the demand for increased impact orientation has also affected the field of Global Education GE Development Education and Awareness Raising DEAR In this context a vivid discussion is still ongoing regarding what can be considered an impact in GE DEAR and how these impacts can be analysed Both questions are dealt with within the scope of the research project Impacts and methods of impact monitoring in development education and awareness raising which was financed by the German Federal Ministry for Economic Cooperation and Development BMZ and which is to be presented in this volume Against the backdrop of the empirical findings of this research project this publication shows which effects can be targeted in the planning and evaluation of GE DEAR projects and which contextual conditions can influence their effectiveness *Sustainable Tourism VI* C. A. Brebbia, S. Favro, F. D. Pineda, 2014-07-08

Sustainable Tourism VI contains the proceedings of the sixth International Conference in this successful series on Sustainable Tourism. Tourism has become a major international industry with many countries all over the world relying on the income it produces. Its economic advantages as a major source of finance and employment frequently leads to its active promotion by governments and other institutions independent of the consequences on the environment, ecology and social structure of affected regions. Issues concerned with achieving environmental, social and economic sustainability of tourism alongside the governance mechanisms needed to support sustainable tourism are highlighted. Also discussed is how new resources ought to be employed to avoid the errors committed in the past and propose remedial actions when required. This book takes a broad view of this sophisticated and complex industry and examines the practice of sustainable tourism from global travel trends through to destination and site management. Innovative solutions including ecological tourism as well as cultural initiatives that will lead to better approaches to tourism with the objective of preserving the diversity of our planet. The demands of tourism can contribute to the destruction of the natural and cultural environment upon which it depends. The natural and cultural landscape's capacity to accommodate the local and worldwide effects of tourism and the implications for the human economy and society constitute very important study objectives. To protect the natural and cultural landscape, new solutions need to be developed which minimise the adverse effects of tourism. This can be achieved through new strategies involving the active collaboration of society as a whole. Topics covered include Tourism strategies, Environmental issues, Emergent strategies for tourism development, Community issues, Climate change, Safety and Security, Tourism as a tool of development, Art, architecture and culture, Heritage tourism, Special interest tourism, Marine and coastal areas tourism, Sport tourism, City tourism, Tourism impact, Tourism and protected area, Rural tourism, Transport and tourism, Education and training, Theme parks, Destination management, Planning and development, Simulation models, Social and physical infrastructure.

National Evaluation Capacities, 2012. The 2nd International Conference on National Evaluation Capacities held on 12-14 September 2011 in Johannesburg, South Africa, allowed nearly 100 participants to share experiences on use of evaluation for public policies and programmes from countries with different levels of development of national monitoring and evaluation systems, identifying lessons and constraints in implementing national monitoring and evaluation systems with a focus on use of evaluation and identifying supply and demand for technical assistance in strengthening institutional capacity for national use of evaluation under the umbrella of South-South and triangular cooperation. This publication presents the major themes related to evaluation use for public policy and programmes which were touched upon during the discussions. [Handbook](#) Uganda.
