**Heidegger & Derrida** Herman Rapaport, 1989 As the spell of Jacques Derrida grows stronger with more translations and analyses appearing every season it is possible and necessary to determine what in his work is truly new and what continues philosophical and literary traditions Although Martin Heidegger has been mentioned before as a precursor of deconstruction Herman Rapaport is the first to develop the connections between the writings of the German philosopher and Derrida Heidegger and Derrida discusses the French philosopher's adoption of certain Heideggerian themes and his extension or overturning of them But Rapaport does more than show how deconstruction builds on the philosophical foundations laid by Heidegger and also by Hegel Nietzsche and Freud In the most comprehensive study of Derrida's works to date he tackles the problem of writing an intellectual history about a figure who has put into question the possibility of such a construction and acknowledges Derrida's concerns with Jewish history in relation to Western thought The Mark of Theory Andrea Bachner, 2017-11-28 What imaginaries tropes and media have shaped how we theorize The Mark of Theory argues that inscription constitutes one of the master metaphors of contemporary theory As a trope that draws on a wide array of

practices of marking from tattooing to circumcision from photographic imprints and phonographic grooves to marks on a page inscription provides an imaginary that orients and irritates theoretical thought Tracing inscriptive imaginaries from the late nineteenth century to today *The Mark of Theory* offers a wide ranging conceptual genealogy of contemporary thought Navigating poststructuralism's attention to figurative language as well as media theory's attention to objects phenomena and practices of mediation the book works through core questions for how we theorize Across a range of disciplines and scholarly conversations from literature and media to anthropology race and gender art psychoanalysis sound and ultimately ethics sites of inscription come to constitute the past legacy of a thought to come a prehistory of our current moment In focusing on materiality and mediation *The Mark of Theory* shows how inscriptive practices shape conceptual thought as well as political and ethical choices By contextualizing the fraught relationship between materiality and signification *The Mark of Theory* lays the ground for a politics of theory that begins there where theory and politics are no longer conflated

[A Critique of Postcolonial Reason](#) Gayatri Chakravorty Spivak, 1999-06-28 Are the culture wars over When did they begin What is their relationship to gender struggle and the dynamics of class In her first full treatment of postcolonial studies a field that she helped define Gayatri Chakravorty Spivak one of the world's foremost literary theorists poses these questions from within the postcolonial enclave

**Encyclopedia of Contemporary Literary Theory** Irene Rima Makaryk, 1993-01-01 The last half of the twentieth century has seen the emergence of literary theory as a new discipline As with any body of scholarship various schools of thought exist and sometimes conflict within it I R Makaryk has compiled a welcome guide to the field Accessible and jargon free the *Encyclopedia of Contemporary Literary Theory* provides lucid concise explanations of myriad approaches to literature that have arisen over the past forty years Some 170 scholars from around the world have contributed their expertise to this volume Their work is organized into three parts In Part I forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose The essays also discuss the uses and limitations of the various schools and the key issues they address Part II focuses on individual theorists It provides a more detailed picture of the network of scholars not always easily pigeonholed into the categories of Part I This second section analyses the individual achievements as well as the influence of specific scholars and places them in a larger critical context Part III deals with the vocabulary of literary theory It identifies significant complex terms places them in context and explains their origins and use Accessibility is a key feature of the work By avoiding jargon providing mini bibliographies and cross referencing throughout Makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture
