A Textbook of Cost and Management Accounting, 10th Edition Arora M.N., 2012
 A Textbook of Cost and Management Accounting provides the students with thorough grounding in cost concepts, cost behaviour and methods and techniques of cost and management accounting with an understanding of the uses and limitations of cost and financial data for managerial operations. The text of the subject matter has been presented in a student friendly, simple and intelligible manner. Every discussion involving conceptual complexity is immediately illustrated by a numerical example. In addition, the book contains a liberal sprinkling of charts and diagrams so as to make the subject easily understandable and highlight its finer points. The subject matter has been organized on a first things first basis for its logical presentation that sustains interest. The approach of the book is examination oriented. Thus a good number of problems and solutions have been included in its chapters. Theoretical and numerical questions have been mostly selected from various examinations. Objective type questions have been given to serve as self test by students. This is an ideal book for self study. New to this edition: All chapters thoroughly revised. Latest information on Cost Accounting Standards (CAS) issued by the Institute of Cost Accountants of India (ICAI). Chapter on Miscellaneous Topics made more contemporary by including some new sub topics and thus re-named *Advanced Cost Management Techniques*. Revision and augmentation of practical problems.

 Cost Management: A Strategic Emphasis by Blocher, Stout, Juras, Smith is dedicated to answering the question: Why Cost Management? It answers this question by providing cost management tools and techniques needed to support an organization's competitiveness, improve its performance, and help the organization accomplish its strategy. The text is written to help students understand the broader role of cost accounting in helping an organization succeed and not just the measurement of costs. While the text does include coverage of traditional costing topics (e.g., job order costing, process costing, service department cost allocations, and accounting for joint and by-products), its primary strength is the linkage of these topics as

well as more contemporary topics to an organization's strategy
