**The Use and Abuse of the Spirit in Pentecostalism** Mookgo S. Kgatle, Allan H. Anderson, 2020-11-29 This book is a pneumatological reflection on the use and abuse of the Spirit in light of the abuse of religion within South African Pentecostalism Both emerging and well established scholars of South African Pentecostalism are brought together to reflect on pneumatology from various approaches which includes among others historical biblical migration commercialisation of religion discernment of spirits and human flourishing From a broader understanding of the function of the Holy Spirit in different streams of Pentecostalism the argument is that this function has changed with the emergence of the new Prophetic churches in South Africa This is a fascinating insight into one of the major emerging worldwide religious movements As such it will be of great interest to academics in Pentecostal Studies Christian Studies Theology and Religious Studies as well as African Studies and the Sociology of Religion

[Pentecostalism and the Tangibles](#) Mookgo Solomon Kgatle, 2026-01-12 This groundbreaking volume offers a pioneering Pentecostal theology of materiality rooted in an African theological perspective that affirms the cultural religious and biblical dimensions of material experience Bridging theology and the lived realities of African Pentecostalism the book examines how material practices ritual objects spaces and embodied expressions are not peripheral but central to Pentecostal faith and worship Through a historical and theological analysis the book highlights how

the materiality of religion often overlooked in theological discourse is vital to understanding both classical Pentecostalism and the emergence of new prophetic churches across Africa. It argues that sacred texts, particularly the Bible, must be taken seriously in any theological account of religious materiality. At the same time, it asserts that Pentecostal spirituality is shaped as much by the visible and tangible as by the spiritual and unseen. With its interdisciplinary scope, this book is essential reading not only for Pentecostal scholars and theologians but also for researchers in religious studies, anthropology, and sociology. It invites readers to rethink materiality as a theological category, offering fresh insights into how African Pentecostalism redefines the relationship between the sacred and the material world.

**Pentecostalism and Cultism in South Africa** Mookgo Solomon Kgatle, 2021-02-28 Pentecostalism is a growing movement in world Christianity. However, the growth of Pentecostalism in South Africa has faced some challenges, including the abuse of religion by some prophets. This book first names these prophets and the churches they lead in South Africa and then makes use of literary and media analysis to analyse the religious practices by the prophets in relation to cultism. Additionally, the book analyses the celebrity cult and how it helps promote the prophets in South Africa. The purpose of this book is threefold: First, to draw parallels between the abuse of religion and cultism; Second, to illustrate that it is cultic tendencies, including the celebrity cult, that has given rise to many prophets in South Africa; Last, to showcase that the challenge for many of these prophets is that the Pentecostal tradition is actually anti-cultism, and thus there is a need for them to rethink their cultic tendencies in order for them to be truly relevant in a South African context. *Leaders between Role Model and Idol* Volker Kessler, Angelika Marsch, Hans-Georg Wüch, The guiding question for this book is: Should leaders become role models or idols or both or neither? The theologian Dietrich Bonhoeffer had a clear opinion on this: If the leader tries to become the idol, the led are looking for something the led always hope from their leader; then the image of the leader shifts to one of a misleader. Radio message 1 Feb 1933. This book presents interesting case studies from Africa, America, Europe, spanning various disciplines and time periods. It does not provide quick fix approaches but invites reflective practitioners and scholars alike to dig deeper. It grew out of an inspiring leadership conference held in Budapest, September 2024.

**Prophecy and Politics in South African Pentecostalism** Mookgo Solomon Kgatle, 2023-12-28 This book is an interdisciplinary study of the relationship between prophecy and politics in South African Pentecostalism. The role and the power of prophecy in enhancing the presence of politicians in the church square are unpacked through historical examples as well as case studies of contemporary prophets. Solomon Kgatle argues that the influence of prophecy in politics has the potential to weaken the prophetic voice of the church in general and the Pentecostal movement in particular. He proposes a Pentecostal political theology of prophecy. This theology is developed by taking into cognizance the theoretical and theological frameworks of prophetic imagination and pneumatological imagination. In addition, this theology seeks a balance between prophecy and power and prophecy and sovereignty.
