Even if a person possesses good physical strength, treasures of wealth, and other resources, recognition among prominent personalities but lack of self-confidence fails to provide the desired success. Every person belonging to any age, religion, or caste has an earnest desire to seek the achievements of the topmost level to command respect in the society. Perfection in any task is difficult but it requires prolonged efforts. Winning isn't about finishing in first place. It isn't about beating the others. It is about overcoming yourself, overcoming your body, your limitations, and your fears. Winning means surpassing yourself and turning your dreams into reality. Success hugs you in private but failure slaps you in public. Better learn and determine to succeed in life.
