

15-441: Computer Networks

Homework 2 Solution

Assigned: September 25, 2002.
Due: October 7, 2002 in class.

In this homework you will test your understanding of the TCP concepts taught in class including flow control, congestion control, and reliability.

You must solve the homework individually. Make sure you provide all your answers in the space provided in the end. For full credit, show your work in clearly readable writing. Points will be deducted for unreadable answers. The following notation should be used for all the calculations.

Parameter	Description	Units
MSS	Maximum Segment Size	bytes/packet
W	Window Size	packets
$W * MSS$	Window Size	bytes
RTT	Round trip time	seconds
X or B	Throughput	bits/sec
ρ	Utilization	dimensionless percentage
L	Loss rate	dimensionless proportion/probability

Table 1: Notation of parameters to be used throughout the assignment

1 TCP Basics

1. True or False?

- (a) Host A is sending a large file to host B over a TCP connection. Assume host B has no data to send to host A. Host B will not send acknowledgments to host A because host B cannot piggyback the acknowledgments on data.

Answer: FALSE. Piggybacking is an optimization that is used when both sides have to send data to each other so that the receiver, instead of sending two packets i.e., an ACK and a data packet, it just sends one. When the receiver (B) does not have any data to send, it will still send an ACK with the sequence number field containing the next sequence of data it is supposed to send.

- (b) The size of the TCP `RecvWindow` never changes throughout the duration of the connection.

Answer: FALSE. `RecvWindow` is used to give the sender an idea of how much free buffer space is available at the receiver. Thus as the amount of unacknowledged TCP data varies the `RecvWindow` also changes.

- (c) Suppose host A is sending a large file to host B over a TCP connection. The number of unacknowledged bytes that A sends cannot exceed the size of the advertised receiver buffer.

Answer: TRUE. TCP is not permitted to overflow the allocated receiver buffer. Hence when the sender can not send any more data `RecvWindow` would be 0 and hence all the buffer would have unacknowledged data.

Networks Homework 2 Solution

C. Y. Wang

Networks Homework 2 Solution:

Networks Benny Bing, 2002 The joint conference ICWLHN 2002 and ICN 2002 covers a wide variety of technical sessions covering all aspects of networking technology It features some of the world's most dynamic presenters including leading experts such as Norman Abramson inventor of the first access protocol OCo the ALOHA protocol and Daniel Awduche pioneer of the MPLambdaS concept now referred to as GMPLS The proceedings for this joint conference is accessible to engineers practitioners scientists as well as industry professionals from manufacturers to service providers **Optical**

Networks Giancarlo de Marchis, Roberto Sabella, 2013-03-20 Optical network design and modelling is an essential issue for planning and operating networks for the next century The main issues in optical networking are being widely investigated not only for WDM networks but also for optical TDM and optical packet switching This book contributes to further progress in optical network architectures design operation and management and covers the following topics in detail Routing strategies and algorithms for optical networks Network planning and design Wavelength conversion and wavelength assignment in optical networks Technologies for optical networks transport access and local area networks Transmission aspects in wide area optical networks New paradigms for traffic modelling This book contains the selected proceedings of the Second International Working Conference on Optical Network Design and Modelling which was sponsored by the International Federation for Information Processing IFIP and held in February 1998 in Rome Italy This valuable new book will be essential reading for personnel in computer communication industries and for academic and research staff in computer science and electrical engineering **Artificial Intelligence and Quantum Computing for Advanced**

Wireless Networks Savo G. Glisic, Beatriz Lorenzo, 2022-04-11 ARTIFICIAL INTELLIGENCE AND QUANTUM COMPUTING FOR ADVANCED WIRELESS NETWORKS A comprehensive presentation of the implementation of artificial intelligence and quantum computing technology in large scale communication networks Increasingly dense and flexible wireless networks require the use of artificial intelligence AI for planning network deployment optimization and dynamic control Machine learning algorithms are now often used to predict traffic and network state in order to reserve resources for smooth communication with high reliability and low latency In Artificial Intelligence and Quantum Computing for Advanced Wireless Networks the authors deliver a practical and timely review of AI based learning algorithms with several case studies in both Python and R The book discusses the game theory based learning algorithms used in decision making along with various specific applications in wireless networks like channel network state and traffic prediction Additional chapters include Fundamentals of ML Artificial Neural Networks NN Explainable and Graph NN Learning Equilibria and Games AI Algorithms in Networks Fundamentals of Quantum Communications Quantum Channel Information Theory and Error Correction Quantum Optimization Theory and Quantum Internet to name a few The authors offer readers an intuitive and accessible path from basic topics on machine learning through advanced concepts and techniques in quantum networks Readers will

benefit from A thorough introduction to the fundamentals of machine learning algorithms including linear and logistic regression decision trees random forests bagging boosting and support vector machines An exploration of artificial neural networks including multilayer neural networks training and backpropagation FIR architecture spatial temporal representations quantum ML quantum information theory fundamentals of quantum internet and more Discussions of explainable neural networks and XAI Examinations of graph neural networks including learning algorithms and linear and nonlinear GNNs in both classical and quantum computing technology Perfect for network engineers researchers and graduate and masters students in computer science and electrical engineering Artificial Intelligence and Quantum Computing for Advanced Wireless Networks is also an indispensable resource for IT support staff along with policymakers and regulators who work in technology

Emerging Technologies in Wireless Ad-hoc Networks: Applications and Future Development Aquino-Santos, Raul,2010-11-30 Mobile ad hoc networks have attracted considerable attention and interest from the commercial sector as well as the standards community Many new ad hoc networking applications have been conceived to help enable new commercial and personal communication beyond the domain of tactical networks including personal area networking home networking law enforcement operations search and rescue operations commercial and educational applications and sensor networks Emerging Technologies in Wireless Ad hoc Networks Applications and Future Development provides the rationale state of the art studies and practical applications proof of concepts experimental studies and future development on the use of emerging technologies in wireless ad hoc networks In addition this work explores emerging wireless ad hoc technologies based on communication coverage areas body sensor networks personal area networks local area networks and metropolitan area networks and their applications in critical sectors for example agriculture environment public health and public transportation

The Arithmetic Teacher ,1993 Resource Allocation in Next Generation Wireless Networks Wayne Li,Yi Pan,2006 Next generation wireless and mobile communication systems are rapidly evolving to satisfy the demands of various network users Due to the great success and enormous impact of IP networks high speed transmission is now possible for both indoor and outdoor wireless systems internet access and web browsing have become the ruling paradigm for next generation system It is envisioned that new generation wireless networks and hand held terminals will support a wide variety of multimedia services such as multimedia web browsing video and news on demand mobile office system stock market information and so on to mobile users anywhere anytime in an uninterrupted and seamless way with low powered handsets The characteristics of wireless links as well as the desire to maintain connectivity while on the move offer significant challenges to provisioning quality of service and the related performance is of central interest Since the resources such as time frequency and code in the wireless segments of such networks are very limited over dimensioning the network resource is equivalent to poor capital investment while congestion at busy hours could mean lost calls and lost revenues It is therefore critical for wireless network designers to utilise these

resources efficiently and effectively In response to the above demand for next generation wireless and mobile communication systems this book aims at providing a timely and concise reference of the current activities and findings in the relevant technical fields The primary goal is to address the key technical issues pertaining to the integrated new systems and present novel technical contributions The book contains 14 invited chapters from prominent researchers working in this area around the world

DWDM Network Designs and Engineering Solutions Ashwin Gumaste, Tony Antony, 2003 A comprehensive book on DWDM network design and implementation solutions Design Software Included Study various optical communication principles as well as communication methodologies in an optical fiber Design and evaluate optical components in a DWDM network Learn about the effects of noise in signal propagation especially from OSNR and BER perspectives Design optical amplifier based links Learn how to design optical links based on power budget Design optical links based on OSNR Design a real DWDM network with impairment due to OSNR dispersion and gain tilt Classify and design DWDM networks based on size and performance Understand and design nodal architectures for different classification of DWDM networks Comprehend different protocols for transport of data over the DWDM layer Learn how to test and measure different parameters in DWDM networks and optical systems The demand for Internet bandwidth grows as new applications new technologies and increased reliance on the Internet continue to rise Dense wavelength division multiplexing DWDM is one technology that allows networks to gain significant amounts of bandwidth to handle this growing need DWDM Network Designs and Engineering Solutions shows you how to take advantage of the new technology to satisfy your network s bandwidth needs It begins by providing an understanding of DWDM technology and then goes on to teach the design implementation and maintenance of DWDM in a network You will gain an understanding of how to analyze designs prior to installation to measure the impact that the technology will have on your bandwidth and network efficiency This book bridges the gap between physical layer and network layer technologies and helps create solutions that build higher capacity and more resilient networks Companion CD ROM The companion CD ROM contains a complimentary 30 day demo from VPIphotonics trade for VPItransmissionMaker trade the leading design and simulation tool for photonic components subsystems and DWDM transmission systems VPItransmissionMaker contains 200 standard demos including demos from Chapter 10 that show how to simulate and characterize devices amplifiers and systems

IJCAI-93 International Joint Conferences on Artificial Intelligence, 1993 *Staff Scheduling and Rostering* ,2004 **Conference Record** ,1993 **Proceedings of the IASTED International Conference, Artificial Intelligence and Soft Computing, May 27-30, 1998, Cancun, Mexico** International Association of Science and Technology for Development, 1998 **Optical Network Design and Management** Xiaomin Ren, Tomonori Aoyama, 2001 **Managing the Implementation of Development Projects** World Bank, 2006 This 12 module CD ROM library of print based learning materials is designed for classroom training of developing country project managers responsible for overseeing the implementation of development and other projects Each module includes

performance based instructional objectives module and session outlines with a timetable of activities scripted lectures with corresponding visuals case studies exercises and solution sets with teaching notes self assessment questions and answers and selected readings The resource kit provides enough information and practice to instill a solid understanding of the principles of project implementation and an awareness of good practices Transportation Science ,2003 Travel Demand Forecasting, Travel Behavior Analysis, Time-sensitive Transportation, and Traffic Assignment Methods ,1995 The papers in this volume focus on mode choice models traffic assignment hazard models and various modeling systems to improve urban transportation planning a model of origin destination route choice and trip generation for shopping travel Journal of Communications and Networks ,2006 **Multipath Traffic Assignment: a Review of Literature. Interim Report** C. Y. Wang,1990 Optimum Project Addition in Urban Transportation Networks Via Descriptive Traffic Assignment Models Felipe Ochoa-Rosso,Angel Silva,1968 **Trends and Applications 1976** IEEE Computer Society. Technical Committee on Computer Communications,1976 *A Collection of Technical Papers* ,1992

Right here, we have countless books **Networks Homework 2 Solution** and collections to check out. We additionally have the funds for variant types and next type of the books to browse. The enjoyable book, fiction, history, novel, scientific research, as competently as various extra sorts of books are readily straightforward here.

As this Networks Homework 2 Solution, it ends happening beast one of the favored ebook Networks Homework 2 Solution collections that we have. This is why you remain in the best website to see the unbelievable ebook to have.

Networks Homework 2 Solution Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Networks Homework 2 Solution free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Networks Homework 2 Solution free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Networks Homework 2 Solution free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally

available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Networks Homework 2 Solution. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Networks Homework 2 Solution any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Networks Homework 2 Solution Books

1. Where can I buy Networks Homework 2 Solution books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Networks Homework 2 Solution book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Networks Homework 2 Solution books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Networks Homework 2 Solution audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer

- a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
 9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
 10. Can I read Networks Homework 2 Solution books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
