Geoethics S. Peppoloni,G. Di Capua ,2015-08-24 This Special Publication will be an important tool for geoscientists aimed at increasing the awareness of their societal role and responsibility in conducting education research and practice activities What are the responsibilities of a geoscientist And what motivations are needed to push geoscientists to practice the Earth sciences in an ethical way The major environmental challenges affecting human communities require not only a strictly scientific and technical preparation by the geoscientists but also a reflection on their broader obligations towards society It is important that geoscientists consider geoethics as an indispensable framework on which to base their training and activity The principles of geoethics can guide them to pursue the common good by weighing the benefits and costs of each choice and identifying eco friendly and society friendly solutions that guarantee the respect of the right balance between human life and the dynamics of the Earth Communication and dissemination of geosciences should become core activities in building a knowledge based society which is able better to protect itself and the Earth ecosystems in order to guarantee a life in harmony with our planet for future generations **Regardless of Frontiers** Agnes Callamard,Lee C. Bollinger,2021-02-09 The United Nations Universal Declaration of Human Rights in 1948 proclaimed a vision of freedom of expression exercised regardless of frontiers Nonetheless laws and norms regarding the freedom or limits of expression are typically established and understood at the national level In today s interconnected world newfound threats to free expression have suddenly arisen How can this fundamental right be secured at a global level This volume brings together leading experts from a variety of fields to critically evaluate the extent to which global norms on freedom of expression and information have been established and which actors and institutions have contributed to their diffusion The authors also consider ongoing and new challenges to these norms from conflicts over hate speech and the rise of populism to authoritarian governments as well as the profound disruption introduced by the internet Together the essays lay the groundwork for an international legal doctrine on global freedom of expression that considers issues such as access to government held information media diversity and political speech As the world risks renouncing previous commitments to the freedom of expression Regardless of Frontiers serves as a timely reminder of just how much is at stake and what needs protecting **CIMA Managerial Studies** Mike Rogers,2008-03-18 Be prepared for your CIMA Managerial Level Studies CIMA Managerial Studies brings you quickly and thoroughly up to speed for your Managerial Level studies by covering the key components of the CIMA Certificate in Business Accounting CIMA tutor and author Mike Rogers explores the areas that are most problematic for students who are embarking on Managerial Level studies without having first completed the CIMA Certificate in Business Accounting and provides the relevant information With summaries of key theory and a self test Question and Answer section at the end of each chapter this book is an essential addition to the CIMA Official Learning systems and Exam Practice Kits Check out Mike Rogers blog CIMAmanagerialstudies wordpress com for frequently updated information on the accounting and audit aspects
