Conflict of interests in high-tech investment advisory Daniel Favoretto, 2024-02-21 What are the potential sources of conflict of interests in investment advisory services and how should the law design legal tools of retail investor protection? These are the questions addressed by this book which explores the new legal challenges of investor protection in the context of digital investment platforms and genAI advisors. The author analyses the investor protection tools provided by competition law, regulatory and private law frameworks taking Brazil as case study where investment advisory experienced a unique market change and a major regulatory reform. This book addresses a worldwide audience and concludes with a set of policy recommendations.
