Righting America at the Creation Museum Susan L. Trollinger, William Vance Trollinger Jr., 2016-05-15 What does the popularity of the Creation Museum tell us about the appeal of the Christian right On May 28 2007 the Creation Museum opened in Petersburg Kentucky Aimed at scientifically demonstrating that the universe was created less than ten thousand years ago by a Judeo Christian god the museum is hugely popular attracting millions of visitors over the past eight years Surrounded by themed topiary gardens and a petting zoo with camel rides the site conjures up images of a religious Disneyland Inside visitors are met by dinosaurs at every turn and by a replica of the Garden of Eden that features the Tree of Life the serpent and Adam and Eve In *Righting America at the Creation Museum* Susan L Trollinger and William Vance Trollinger Jr take readers on a fascinating tour of the museum The Trollingers vividly describe and analyze its vast array of exhibits placards dioramas and videos from the Culture in Crisis Room where videos depict sinful characters watching pornography or considering abortion to the Natural Selection Room where placards argue that natural selection doesn't lead to evolution The book also traces the rise of creationism and the history of fundamentalism in America This compelling book reveals that the Creation Museum is a remarkably complex phenomenon at once a natural history museum at odds with contemporary science an extended brief for the Bible as the literally true and errorless word of God and a powerful and unflinching argument on behalf of the Christian right

Curating, Interpretation and Museums Sylvia Lahav, 2023-03-09 Following a period of strategic and ideological change in museums this book outlines new attitudes in curating and display education and learning text and interpretation access inclusion participation space and the issues around the sustainability of the encyclopaedic collection Focused on the contemporary period the author questions the extent to which the museum visitor has become reliant on interpretative text and examines the development of new museum spaces where visitor interaction and engagement is welcomed Changes of attitude have transformed our museums into modern spaces that reflect current needs and modern expectations and yet our permanent collections remain relatively unchanged sometimes an uncomfortable reminder of a time when values ethics and attitudes were very different The author will discuss these conflicts of ideology Written by a researcher with expertise in museum practice this shortform book offers a new approach that will be valuable reading for students and scholars of cultural management and policy as well as providing insights for reflective museum practitioners

Historic House Museums in the United States and the United Kingdom Linda Young, 2016-12-13 *Historic House Museums in the United States and the United Kingdom* A History addresses the phenomenon of historic houses as a distinct species of museum Everyone understands the special nature of an art museum a national museum or a science museum but house museum nearly always requires clarification In the United States the term is almost synonymous with historic preservation in the United Kingdom it is simply unfamiliar the very idea being conflated with stately homes and the National Trust By analyzing the motivation of the founders and subsequent keepers of house museums Linda Young

identifies a typology that casts light on what house museums were intended to represent and their significance or lack thereof today This book examines heroes houses once inhabited by great persons e g Shakespeare s birthplace Washington s Mount Vernon artwork houses national identity as specially visible in house design style and technique e g Frank Lloyd Wright houses Modernist houses collectors houses a microcosm of collecting in situ domesticu subsequently presented to the nation as the exemplars of taste e g Sir John Soane s Museum Isabella Stewart Gardner Museum English country houses the palaces of the aristocracy maintained thanks to primogeniture but threatened with redundancy and rescued as museums to be touted as the peak of English national culture English country houses the palaces of the aristocracy maintained for centuries thanks to primogeniture but threatened by redundancy and strangely rescued as museums now touted as the peak of English national culture Everyman woman s social history houses the modern demotic response to elite houses presented as social history but tinged with generic ancestor veneration e g tenement house museums in Glasgow and New York [The Routledge History of the Senses](#) Andrew Kettler, Will Tullett, 2025-06-26 The Routledge History of the Senses presents readers with an overview of the field As well as pointing to directions for the future of the discipline it illustrates the extent to which the subject offers a considerable space for the exploration of diverse historical topics through the lens of sensory experience The handbook brings together essays and case studies from some of the leading academics on the history of the senses Together they not only chart topics and arguments in existing scholarship but introduce fresh methodologies for future analyses Specifically the chapters collectively show that the senses of the historical body often portray the intensity of the invasion of capital upon the functions of the mind throughout global history As a global history this work arrives at a time when many sensory historians are looking for a touchstone for moving beyond the often heavily Western frameworks that dominate the existing literature on the historical senses Not only will this book appeal to students and scholars of the history of senses visual studies art history food studies and many of the social sciences but individual chapters also offer useful reading material for a wide range of history modules and contemporary topics *Human Rights Museums* Jennifer Carter, 2022-09-16 Human Rights Museums presents case studies that trace how calls for historical and social justice and the commensurate rise of a rights regime have led to the emergence of a new museological genre the human rights museum Presenting innovative field research conducted in new and emerging human rights museums across Asia and Latin America the book adopts a broad museological approach It does so by including national and community museums as well as public and private museological initiatives within its purview Drawing on in depth case studies about museums in Taiwan Japan Paraguay and Colombia all discussed within their political and cultural contexts the book examines the paradigmatic shift that has occurred within the museum field in the wake of the larger global transformations that have shaped contemporary geo politics over the last 50 years The diversity of geographical and political contexts and the attention to lesser known institutions within the canon of English museum studies literature presents readers with a valuable opportunity to learn more

about innovative museological models in non English speaking and non Western contexts Human Rights Museums will appeal to academics scholars and students of museum studies and related disciplines and to museum professionals seeking to know more about the diverse and evolving roles of museums in contemporary society *Interfaces with the Ineffable* Kirsten A. Boehner,2006

The Global Art World Hans Belting,Emanoel Araújo,2009 This is the second publication from the ongoing research series Global Art and the Museum GAM which was initiated in 2001 by German art historian Hans Belting and artist writer and curator Peter Weibel at the ZKM Center for Art and Media in Karlsruhe Germany The last 20 years have seen a rapid globalization of the art world resulting in geographic decentralization and a shift away from a primarily Western perspective GAM s aim is to analyze the effect of these changes on the art market museums and art criticism This volume comprises a collection of essays by experts such as Claude Ardouin Keeper of the African Section of London s British Museum Koeki Claessens Director of Central Africa s Royal Museum and Eugene Tan Director of the Institute of Contemporary Arts Singapore who presented at the 2007 conference

There's No Place Like Home Stephanie Hemelryk Donald,2018-03-27 Choice Outstanding Academic Title 2018 The Wizard of Oz brought many now iconic tropes into popular culture the yellow brick road ruby slippers and Oz But this book begins with Dorothy and her legacy as an archetypal touchstone in cinema for the child journeying far from home In *There s No Place Like Home* distinguished film scholar Stephanie Hemelryk Donald offers a fresh interpretation of the migrant child as a recurring figure in world cinema Displaced or placeless children and the idea of childhood itself are vehicles to examine migration and cosmopolitanism in films such as *Le Ballon Rouge* *Little Moth* and *Le Havre* Surveying fictional and documentary film from the post war years until today the author shows how the child is a guide to themes of place self and being in world cinema

Gorilla Pathology and Health John E Cooper,Gordon Hull,2016-12-21 *Gorilla Pathology and Health With a Catalogue of Preserved Materials* consists of two cross referenced parts The first the book itself is a review of pathological changes and tissue responses in gorillas *Gorilla gorilla* and *G beringei* with an emphasis on free living animals but also with reference to those in captivity The comparative aspects are discussed stressing the relevance of research to both gorillas and humans What makes the publication truly unique however is the second part a comprehensive descriptive catalogue of the location and nature of gorilla material in museums and scientific institutions throughout the world This is of great consequence because free living gorillas are strictly conserved with restricted access so the location of a wealth of preserved tissues and other material that has been collected over the decades is a great benefit for research and study This book can and should be used to gain cardinal knowledge regarding the biology and pathology of this genus The combination of book and catalogue in this extensive compilation makes it an invaluable tool for all those concerned with the health welfare and conservation of gorillas one of our nearest living relatives Brings together studies data and clinical practice from difficult to access or obscure journals and NGO reports in different languages for all interested parties and practitioners Provides perspectives on existing research in gorilla pathology

both for those studying conservation practices and those seeking an understanding of comparable diseases in humans Includes illustrative figures on gross and microscopic pathological changes museum specimens photos of field necropsy and techniques and examples of laboratory tests Features an extensive list of references and further reading in different languages Incorporates a comprehensive descriptive catalogue of gorilla material from around the world **Expanding the Center Walker Art Center**, Andrew Blauvelt, 2005 Expanding the Center Walker Art Center and Herzog de Meuron ISBN 0 935640 84 3 U S 34 95 Paperback 6 5 x 9 25 in 256 pgs 225 color and 25 b w Item Available Architecture **Records of the Australian Museum**, 1983 □□□□□, 1933 **Organized Networks** Ned Rossiter, 2006 The celebration of network cultures as open decentralized and horizontal all too easily overshadows their political dimensions Organized Networks sets out to destroy these myths by tracking the antagonisms that lurk within Internet governance debates the exploitation of labor in creative industries and the aesthetics of global finance capital Cutting across the fields of media theory political philosophy and cultural critique Ned Rossiter diagnoses some of the key problematics facing network cultures today **BOOK JACKET**
