Metabolic Robert H. Lustig, 2021-05-04 The New York Times bestselling author of *Fat Chance* explains the eight pathologies that underlie all chronic disease documents how processed food has impacted them to ruin our health economy and environment over the past 50 years and proposes an urgent manifesto and strategy to cure both us and the planet Dr Robert Lustig a pediatric neuroendocrinologist who has long been on the cutting edge of medicine and science challenges our current healthcare paradigm which has gone off the rails under the influence of Big Food Big Pharma and Big Government You can't solve a problem if you don't know what the problem is One of Lustig's singular gifts as a

communicator is his ability to connect the dots for the general reader in order to unpack the scientific data and concepts behind his arguments as he tells the real story of food and the story of real food Metabolical weaves the interconnected strands of nutrition health disease medicine environment and society into a completely new fabric by proving on a scientific basis a series of iconoclastic revelations among them Medicine for chronic disease treats symptoms not the disease itself You can diagnose your own biochemical profile Chronic diseases are not druggable but they are foodable Processed food isn't just toxic it's addictive The war between vegan and keto is a false war the combatants are on the same side Big Food Big Pharma and Big Government are on the other side Making the case that food is the only lever we have to effect biochemical change to improve our health Lustig explains what to eat based on two novel criteria protect the liver and feed the gut He insists that if we do not fix our food and change the way we eat we will continue to court chronic disease bankrupt healthcare and threaten the planet But there is hope this book explains what's needed to fix all three Predicasts F & S Index United States, 1982
