Project Management The Managerial Process 5th Edition Larson Gray:

Project Management Eric W. Larson, Clifford F. Gray, 2020 *Project Management 8e* provides a holistic and realistic approach to Project Management that combines the human aspect and culture of an organization with the tools and methods used. It covers concepts and skills used to propose plan secure resources budget and lead project teams to successful completion of projects. This text is not only on how the management process works but also and more importantly on why it works. It is not intended to specialize by industry type or project scope rather it is written for the individual who will be required to manage a variety of projects in a variety of organizational settings. 8e was written for a broad range of audiences including project managers students analysts and Project Management Institute Members preparing for certification exams. The digital component Connect now has enhanced algorithmic problems Application Based Activities SmartBook 2.0 and Practice Operations a game based 3D operations management simulation. Publisher **Project Management** Erik W. Larson, Clifford F. Gray, 2017 **The Practice and Theory of Project Management** Richard Newton, 2019-11-05 Managing projects a prominent feature of working life inevitably involves change at some level. Even though successful project management depends on organisational change textbooks often fail to recognise this symbiotic nature. This book offers students a practical understanding of the strategic and organisational role of projects. Project Management of Large Software-Intensive Systems Marvin Gechman, 2019-03-11 The book describes how to manage and successfully deliver large complex and expensive systems that can be composed of millions of lines of software code being developed by numerous groups throughout the globe that interface with many hardware items being developed by geographically dispersed companies where the system also includes people policies constraints regulations and a myriad of other factors. It focuses on how to seamlessly integrate systems satisfy the customer's requirements and deliver within the budget and on time. The guide is essentially a shopping list of all the activities that could be conducted with tailoring guidelines to meet the needs of each project. **Project Management: The Managerial Process with MS Project** Erik W. Larson, Clifford F. Gray, 2013-10-16 As the market leading textbook on the subject *Project Management The Managerial Process* is distinguished by its balanced treatment of both the technical and behavioral issues in project management as well as by its coverage of a broad range of industries to which project management principles can be applied. It focuses on how project management is integral to the organization as a whole. The text not only delivers the tools and processes essential to successful project management but also an understanding that the effectiveness of these tools and methods are shaped and determined by the prevailing culture of the organization and interpersonal dynamics of the people involved. As such Larson Gray presents a holistic view that focuses on methodology as well as the human dimension and how they interact to determine the outcome of projects. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need when they need it and how they need it so that your class time is more engaging and effective.
