Capsule Wardrobe Nancy Rose,2018-11-23 Is your closet jam packed and yet you have absolutely nothing to wear Can you describe your personal style in one sentence If someone grabbed a random piece from your closet right now how likely is it that it would be something you love and wear regularly Our choice of clothing reflects not only our fashion sense but also our personality For example you can easily distinguish between a serious conservative business person and an artistic free spirit simply by the way they are dressed In either of these cases and everything in

between the majority of people tend to either try to keep up with the latest fashion trends or they try to make a statement by breaking fashion norms. Like it or not, the common tendency among women is to buy clothing and accessories on a whim. Although men are capable of this as well, it seems to be a problem that is much more prevalent for women. When we see something we like, we buy it even if we don't know when or where to wear it. To justify these impulse purchases, we simply tell ourselves that we'll find some use for it in the future. Because of this reckless habit, we have piles of clothes in our closets waiting to be worn. How many times have you found yourself frustrated looking for the right clothes to wear? Why is it that after digging through your closet for half an hour, you still can't find anything good to wear? If this describes a scenario that you're all too familiar with, then it's time to admit it: you have a wardrobe problem that needs to be addressed immediately. This may sound far-fetched, but a wardrobe problem can negatively affect your day by causing a great deal of unnecessary anxiety. If you haven't picked out your outfit the night before, you find yourself stressed out first thing in the morning as you try to determine what to wear. This is not exactly the best way to start your day. After work has concluded, you may have realized that the stress caused by your dysfunctional wardrobe has caused more damage to your day than you could ever expect. Armed with this realization, you know it's time to do something drastic. Perhaps by now you have already thought of throwing away everything in your closet and starting a whole new wardrobe from scratch. Well, that's a start, but what's next? Chances are, it won't be long before you resume your old habit of filling up your closet with useless clothes, and voila! You're back at it with the same old wardrobe dilemmas. Here's a better solution: A capsule wardrobe is the answer to your problems. Although it may be hard to believe, just a few dozen well-chosen clothing items and accessories can keep a woman properly dressed for any occasion—that's exactly what a capsule wardrobe does. Not only will it prevent you from buying the wrong clothes, it will also spare you from the stress caused by having a dysfunctional wardrobe with too many choices. With this book, you will understand how to create the wardrobe combination of your dreams and say goodbye to your frustrations. [Creating a Capsule Wardrobe](#) Claire Collins, 2018-04-30. So many books about Capsule Wardrobes don't seem to address the real woman: those of us with jobs, families, and budgets. Those of us that can't afford to buy designer pieces and don't have a life where we would wear them but would still like to have our own capsule wardrobe that will work for us. *Creating a Capsule Wardrobe: A Guide For Real Women on Real Budgets* does just that. The first part of the book looks at defining your own personal style. It gives tips and ideas on identifying your look and helps you decide if it is suitable for your current life and life style. The second part of the book delves into the back of your wardrobe and helps you deal with all those hidden and ignored pieces that have been gathering dust. There is plenty of information on how to select the pieces you love and even a detailed how to sell online guide in the resources section at the back of the book. Most importantly, there is a detailed section on assessing and reassessing your capsule wardrobe, a technique that many books ignore. This section will help you decide if what you chose was right for you and will help you make adjustments if you decide they were not. The book also looks at other types of capsule wardrobes you might have like active wear, sleepwear, and underwear. It will show you how to use the same techniques to create a mini capsule within your wardrobe. At the end of each chapter, there is a chapter summary and activity suggestions to help you create your own capsule wardrobe. The final part of the book is a resource section. Here you will find blogs and websites that are mentioned in the book and a detailed guide to selling clothes online.
