National Action Plans in the Global Governance of Business and Human Rights Yannick Poullie,2022-05-31 Diese Arbeit analysiert Nationale Aktionspläne für Wirtschaft und Menschenrechte als bedeutsamen Schritt in der Entwicklung unternehmerischer Menschenrechtsverantwortung. Angeleitet vom diskursiven Institutionalismus und gerahmt von einer Interpretation des Politikfeldes als Wettbewerb konkurrierender Ideen wird am Beispiel von Schweden und Deutschland detailliert der Einfluss staatlicher und nichtstaatlicher Akteure im Politikprozess beleuchtet und aufgezeigt, unter welchen Bedingungen unternehmerische Menschenrechtsverantwortung größere Verbindlichkeit gewinnt. Die Studie leistet theoretisch und empirisch einen innovativen Beitrag zur politikwissenschaftlichen Menschenrechtsforschung. [The Digital Transformation of Auditing and the Evolution of the Internal Audit](#) Nabyla Daidj,2022-10-18 The main objective of this book is to provide both academics and practitioners with a global vision of the evolution of internal auditing in a fast changing business landscape driven by digital transformation. Digital transformation has been first associated with the emergence and the development of new technologies: artificial intelligence, blockchain, cloud computing, data analytics, predictive analytics, robotic process automation, IOT, drones, etc. Beyond the technological dimensions, this transformation has several impacts on businesses, organizations, and processes and raises several questions for auditing activities. This book explores how digitalization not only has an impact on the audit environment but also on internal audit practices and methodologies: information technology, IT information system, IS audit, IT governance and risk management. The auditing profession also has to face the same challenges. Auditors should develop new skills. To continue to provide high quality service in such an environment, the methodologies, the process, and the tools used for conducting an audit have progressively changed from those applied to the traditional audit. Internal audit as a key strategic function must evolve too. Finally, the book also investigates the impact of the COVID-19 pandemic on internal auditing. The author highlights the need for a new vision and renewed forecasting tools. The post COVID-19 business and corporate world has changed. Internal audit as a key strategic function must evolve too. **From Ideas to Action** Janis Sarra,2020-11-26 This book offers a guide for companies, pension funds, asset managers, and other institutional investors on how to commence the legal governance and financial strategies needed for effective climate mitigation and adaptation and to help distribute the economic benefits of these actions to their stakeholders.
