## Life Isn't Fair — Deal With It

By Mike Myatt  
2011

*Mike Myatt is a bestselling author and a columnist. Commonly recognized as an authority on the subject of leadership, he believes that leadership "exists to disrupt mediocrity." As you read this opinion piece, take notes on the author's tone.*

- [1] There seems to be a lot of talk these days about what is fair, and what is not. President Obama seems to believe life should be fair — that "everybody should have a fair shake." Some of the 99% seem to believe life has treated them unfairly, and some of the 1% feel life hasn't treated them fairly enough.<sup>1</sup> My questions are these: What is fair? Is life fair? Should life be fair? I'll frame the debate, and you decide...

We clearly have no choice about how we come into this world, we have little choice early in life, but as we grow older choices abound. I have long believed that while we have no control over the beginning of our life, the overwhelming majority of us have the ability to influence the outcomes we attain. Fair is a state of mind, and most often, an unhealthy state of mind.

In business, in politics, and in life, most of us are beneficiaries<sup>2</sup> of the outcomes we have contributed to. Our station in life cannot, or at least should not, be blamed on our parents, our teachers, our pastors, our government, or our society — it's largely based on the choices we make, and the attitudes we adopt.

People have overcome poverty, drug addiction, incarceration, abuse, divorce, mental illness, victimization, and virtually every challenge known to man. Life is full of examples of the uneducated, the mentally and physically challenged, people born into war-torn impoverished backgrounds, who could have complained about life being unfair, but who instead chose a different path — they chose to overcome the odds and to leave the world better than they found it. Regardless of the challenges they faced, they had the character to choose contribution over complaint.

1. The "99%" refers to income inequality and wealth distribution between the wealthiest 1% and the rest of the American population. In September 2011, demonstrators protesting greed and corruption among corporations, financial institutions, and politicians gathered in Zuccotti Park, located in New York City's Wall Street financial district. They began a movement known as "Occupy Wall Street," intended to draw attention to the massive divide of wealth in the United States. According to economist Joseph Stiglitz, "[I]n our democracy, 1% of the people take nearly a quarter of the nation's income.... In terms of wealth rather than income, the top 1% control 40%."
2. **Beneficiary (noun)** a person who derives an advantage or benefit from something
