Read, Research and Write Caroline Brandt, 2008-12-18. This book is for students who have learnt English as a second or third or fourth language and are studying at an institution where English is the medium of instruction. Each of its 10 chapters focuses on a reproduced academic article on an aspect of English for academic purposes; students can therefore learn about language skills from the articles themselves as well as developing those skills in the activities and tasks which follow.
