

The book cover features a vibrant blue background with a large, detailed illustration of a medical syringe in the center. A DNA double helix is depicted in a light blue color, winding across the top and bottom of the cover. Several circular inset images are arranged around the syringe: one at the top shows two dark, textured biological structures; another shows a small green plant growing from a white, porous substrate; a larger one shows a cross-section of pink, striated muscle tissue; and another shows a cluster of small, colorful, spherical structures. The overall theme is biological and scientific.
