

WORKBOOK

This new edition of *Integrated Chinese* is an outstanding improvement. Complete with interesting cultural notes, useful authentic materials, and a wealth of interactive exercises, the authors have outdone themselves AGAIN!

—Dr. Zhi-Ho Pao, *Yale University*

FEATURES

Throughout the workbook, exercises are labeled according to the three modes of communication as explained in ACTFL's "Standards for Foreign Language Learning in the 21st Century"

Authentic materials in each lesson – signs, forms, posters, menus, and more – build students' skills in interpreting the Chinese language in its native environment

Lively illustrations encourage students to answer questions already in Chinese without translating from English

Open-ended exercises engage students in the subject matter and ask them to relate the Chinese language to their own lives

A cumulative review unit after every five lessons serves as a periodic progress check

As a lecturer in languages (Italian and French) for over 20 years, I would like to compliment you on one of the very best sets of materials I have ever used.

—Dr. Massimo, *York University of Toronto*

Chang & Tai's best-selling Chinese textbook series is now revised and better than ever! The new edition of the integrated Chinese workbook has been updated to meet the needs of today's students with a new design, new primary design, updated vocabulary, more communicative tasks and more reading exercises, and more authentic materials throughout.

The workbook provides graduated behavioral practice for the four skills of listening, speaking, reading, and writing. The main text, reading, vocabulary, each lesson is divided into two parts corresponding to the two sections of the lesson in the textbook. Paragraphs for reading exercises are written in the format of Chinese public signs.

The third edition workbook includes many games and other exercises that encourage students to work together and interact with each other and personal to each student. Revised and new exercises emphasize the language used in real life and build skills students need to communicate in today's rapidly changing world.

The integrated Chinese series is a four-year course that includes textbooks, workbooks, character workbooks, audio CDs, audio tracks resources, and teacher resources. Student workbooks are available in both simplified and traditional character versions. The emphasis on practicing a broad range of written and oral communicative skills and building cultural understanding, *Integrated Chinese* is widely used by students who want a comprehensive grounding in the Chinese language.
