Culture, Cognition, Narrative Vera Nünning, Ansgar Nünning, 2025-11-14 Although it is well known that narrative impacts our modes of assessing and interpreting the world as well as the creation of cultural identities and cultural communities there is little research on the way in which cognition culture and narratives intersect Cultural narratology usually focuses on the relation between culture and narrative while cognitive narratology explores the relation between cognition and narrative However the three concepts reciprocally influence each other narratives shape cognition just as cognitive frames and processes shape narratives Similarly the culture we belong to informs our cognitive processes and the way we perceive interpret and react to our environment Culture and narrative also impact each other in myriad ways Narratives are therefore at the centre of this volume and each chapter deals with narrative either as a cognitive or performative tool relating it to either cognition or culture or to both The volume also explores social practices of real world storytelling for instance in discourses on migration and the cognitive dimension of cultures that narratives provide access to The latter includes shared self concepts schemata and cultural models This interdisciplinary volume builds conceptual bridges between cultural studies cognitive theory and narrative theory [The Ways of the Leader](#) Bill Mowry, 2023-10-17 Leaders Are you feeling overwhelmed in this post pandemic world The one size fits all approaches no longer work You need creative strategies based on godly wisdom that bring people together and break new ground In [The Ways of the Leader](#) Bill Mowry unpacks four competencies for everyday leaders in churches ministries communities and businesses To generate wisdom as a leader you must become a lifelong learner who views your life and leadership as God's classroom for discovery collaborator who engages people to explore create and implement new approaches cultural detective who examines assumptions and values where you lead and live and ministry innovator who discovers solutions that are crafted to the specific needs of your community Rise up against the chaos of today as you nurture the wisdom to choose what is good what brings life and nourishes people and right what is just and fair and impact those right where you are with practical solutions
