Entrepreneurship & Small Business Management in the Hospitality Industry Darren Lee-Ross, Conrad Lashley, 2010-05-04. Small businesses are the backbone of the tourism and hospitality industry and depending on which statistics one uses represent somewhere between 75 to 95 percent of all firms globally in this sector. The number of entrepreneurs has dramatically and uniformly increased globally over the last ten years. Divided into four sections, *Entrepreneurship and Small Business Management in the Hospitality Industry* takes an intuitive step-by-step progression through each stage of the entrepreneurial process: context, theoretical perspectives and definitions, concept to reality, the business plan, growth and the future. Ideal for students at any level, the chapters of this book invite you to ponder upon your reading through a series of reflective practice activities. These along with case studies, clearly defined chapter objectives, reflections, role play activities and experiential exercises allow you to both think actively about themes, concepts and issues and then apply them to a number of suggested scenarios. Perfect preparation for the up and coming entrepreneur.

Small Business Management in Developing Countries Luke Ike, 2018-06-13. This book aims at making a contribution to the promotion of small businesses in developing countries. It does so by helping to identify management problems encountered by small businesses in developing countries with reference to policy, environment, institutional framework and UNIDO technical assistance. The result is aimed at providing a good information base on how small business management and performance in developing countries can be improved. This is for individuals who are already involved with small businesses and those interested in it.

Small Business Luke Ike, 2018-06-20. This book is about small business start-ups and management. The book provides those fundamental principles needed for identifying and developing business ideas before and during the process of business start-ups and management respectively. These are principles needed to translate business ideas into profitable and sustainable small business enterprises.
