Creating Culturally Considerate Schools Kim L. Anderson, Bonnie M. Davis, 2012-07-13 A most unique kind of book that will appeal to the millions of caring teachers that are struggling to understand issues of diversity in a meaningful way This book will impact how successful teachers can actually be when teaching diverse students **Caring for Families in Court** Barbara A. Babb, Judith D. Moran, 2019-01-15 In many US courts and internationally family law cases constitute almost half of the trial caseload These matters include child abuse and neglect and juvenile delinquency as well as divorce custody paternity and other traditional family law issues In this book the authors argue that reforms to the family justice system are necessary to enable it to assist families and children effectively The authors propose an approach that envisions the family court as a care center by blending existing theories surrounding court reform in family law with an ethic of care and narrative practice Building on conceptual procedural and structural reforms of the past several decades the authors define the concept of a unified family court created along interdisciplinary lines a paradigm that is particularly well suited to inform the work of family courts These prior reforms have contributed to enhancing the family justice system as courts now can shape comprehensive outcomes designed to improve the lives of families and children by taking into account both their legal and non legal needs In doing so courts can utilize each family s story as a foundation to fashion a resolution of their unique issues In the book the authors aim to strengthen a court s problem solving capabilities by discussing how incorporating an ethic of care and appreciating the family narrative can add to the court s effectiveness in responding to families and children Creating the court as a care center the authors conclude should lie at the heart of how a family justice system operates The authors are well known figures in the area and have been involved in family court reform on both a US national and an international scale for many years *Case Studies and Projects in Communication* Neil McKeown, 2005-08-12 First Published in 1982 Routledge is an imprint of Taylor Francis an informa company Legal Education Digest, 1997 *A Case Study of Teachers Judged Successful and Non-successful ...* James Orr McLaughlin, 1930 *The Journal of the Legal Profession*, 2000 **Studies in Conduct with Character Case Conferences** Elizabeth F.
