**Rob Wagner's Beverly Hills Script**, 1930 **Exhibitors Daily Review**, 1929 *The Erotic Screen* Thomas Wolman, 2020-02-28 The *Erotic Screen* takes as its starting point that Hollywood movies were steeped in eroticism from the beginning but censorship forced filmmakers to devise hidden sexual subtexts to preserve a film's subliminal eroticism In this way Hollywood films seed our collective psyches with unconscious subtexts Science fiction films are particularly effective using horror to induce sexual excitement as studied in Part I The nature of desire in a trio of science fiction thrillers Another device was to display unrestricted consumption of alcohol and tobacco and gratuitous spending Today this is a cliché of mainstream cinema but some filmmakers expose the dark underbelly The five films scrutinized in Part II Portraits of addiction in Hollywood melodrama make explicit the connections between greed addictions and sexuality Finally in Part III Perverse desire in mainstream cinema the nuanced position toward the psychosexual obsessions on view in the films is investigated by posing the provocative question of whether S M practice can work as a cure for psychic suffering by raising the alarm over sexuality run amok in a suburban community and by offering a devastating critique of voyeurism's fatal attraction to viewers The *Erotic Screen* is an investigation of the nature of human sexuality through the medium of film It stirs up discussion and debate and helps these movies live on in our minds

**Skyscraper Cinema** Merrill Schleier, 2009 From the silent era until the advent of the Cinemascope the skyscraper as movie star Whether tall office buildings high rise apartments or lofty hotels skyscrapers have been stars in American cinema since the silent era Cinema's tall buildings have been variously represented as unbridled aspiration dens of iniquity and eroticism beacons of democracy and well oiled corporate machines Considering their intriguing diversity Merrill Schleier establishes and explains the impact of actual skyscrapers on America's ideologies about work leisure romance sexual identity and politics as seen in Hollywood movies

**Guts & Glory** Lawrence H. Suid, 1978 An excellent contribution to the growing studies on American films and to the war film genre in particular The author defines war movies as those in which combat or its influence are central although military movies in which military men are portrayed in training or preserving peace are also considered Within these definitions Suid selects several dozen films from *The Big Parade* 1925 to *Apocalypse Now* and uses them to develop his main themes the image of the military presented to mass audiences and the related question of the military's assistance to film makers The relationship between Washington and Hollywood that emerges will be a disappointment for anyone seeking confirmation of conspiracy The Pentagon is always looking for positive portrayals of the services and the military's chief concern has been for accuracy in detail and procedure with increasing sensitivity to any costs to taxpayers The author concludes that as long as movies can portray individual bravery perseverance or the excitement of challenging death in personal combat they will maintain their special place in American homes and theaters
