**The Good Samaritan (Touchstone Texts)** Emerson B. Powery, 2022-04-12 The story of the good Samaritan in Luke 10 is one of Jesus's most well-known parables. It continues to fascinate readers with its powerful imagery and ethical significance. In this exposition, New Testament scholar Emerson Powery shows how this classic and beloved text can speak afresh to the life of the church today. Powery explains that in every generation, followers of Jesus need to be reminded that mercy is a natural consequence of faith. Jesus's parable of the good Samaritan emphasizes this point in a dramatic way by placing an enemy as the central hero of the story. Powery explores diverse interpretations of the good Samaritan, carefully investigates this parable within the theology of the Gospel of Luke, and connects the parable to contemporary events. The book encourages readers to think through the ethical implications of this story for their own contexts. The Touchstone Texts series addresses key Bible passages, making high-quality biblical scholarship accessible for the church. The series editor is Stephen B. Chapman, Duke Divinity School.

**Redlining Culture** Richard Jean So, 2020-12-15 The canon of postwar American fiction has changed over the past few decades to include far more writers of color. It would appear that we are making progress, recovering marginalized voices and including those who were for far too long ignored. However, is this celebratory narrative borne out in the data? Richard Jean So draws on big data, literary history, and close readings to offer an unprecedented analysis of racial inequality in American publishing that reveals the persistence of an extreme bias toward white authors. In fact, a defining feature of the publishing industry is its vast whiteness, which has denied nonwhite authors, especially black writers, the coveted resources of publishing: reviews, prizes, and sales, with profound effects on the language, form, and content of the postwar novel. Rather than seeing the postwar period as the era of multiculturalism, So argues that we should understand it as the invention of a new form of racial inequality, one that continues to shape the arts and literature today. Interweaving data analysis of large-scale patterns with a consideration of Toni Morrison's career as an editor at Random House and readings of individual works by Octavia Butler, Henry Dumas, Amy Tan, and others, So develops a form of criticism that brings together qualitative and quantitative approaches to the study of literature. A vital and provocative work for American literary studies, critical race studies, and the digital humanities, *Redlining Culture* shows the importance of data and computational methods for understanding and challenging racial inequality.

**Global Conversations in Literacy Research** Peggy Albers, 2017-11-22 In this volume, renowned literacy and language education scholars who have shaped policy and practice aimed toward social justice and equity address current intellectual and practical issues in the teaching of literacy in classrooms and educational environments across diverse and international settings. Drawn from talks that were presented live and hosted by Global Conversations in Literacy Research (GCLR), an online open-access critical literacy project, this book provides access in edited written form to these scholars' critically and historically situated talks. Bringing together talks on diverse topics, including digital and media literacy, video games, critical literacy, and ESOL, Albers preserves the scholars

critical discourses to engage readers in the conversation Offering a broad and expansive understanding of what literacy has to offer for scholars teachers and students this book demonstrates the importance of positioning literacy as a social practice and brings critical literacy to a global audience Myths and Fairy Tales in Contemporary Women's Fiction Sharon Rose Wilson,2008-08-15 Myths and Fairy Tales in Contemporary Women s Fiction explores contemporary feminist postmodernist and postcolonial women writers use and revisions of fairy tales and myths With close readings of works ranging from Margaret Atwood to Doris Lessing to Toni Morrison Wilson examines meanings of myths and fairy tales as well as their varying techniques images intertexts and genres Although the writers represent several different nationalities and racial ethnic and cultural backgrounds they employ a type of postcolonial literature that urges readers and societies beyond colonization Wilson argues that the use of myths and fairy tales generally convey characters transformation from alienation and symbolic amputation to greater consciousness community and wholeness and it is in and through story that characters construct a hybrid way of establishing themselves in the larger world **On the End of Privacy** Richard E.
