Think Rock Kevin Dettmar:

Think Rock Kevin J. H. Dettmar, 2011 THINK ROCK is the first Music title in the THINK series It is designed for an introduction to rock music course for the non music major at an economical price Taking a chronological approach it offers a basic introduction to the key eras performers and songs that shaped rock music THINK ROCK is a full history beginning with pre rock styles and covering all styles right up to today s latest sounds In addition to the music itself THINK ROCK addresses the rich cultural history of the rock era and how social cultural events shaped rock and were shaped by it The book is richly illustrated with period photographs and reproductions of album covers and concert posters An open access companion website is available with THINK ROCK at www.thethinkspot.com Experiencing the Rolling Stones David Malvinni, 2016-02-25 More than fifty years after their founding the Rolling Stones still tour and create new music as the world s quintessential rock band David Malvinni s Experiencing the Rolling Stones A Listener s Companion looks at the Stones music from the inside out Along the journey Malvinni places individual songs and entire albums within the transformative era of the 60s focusing on how the Rolling Stones integrated African American R B blues and rock and roll into a uniquely British style Vignettes describing what it was like to hear the Stones music at the time of its release thread their way through the book as Malvinni goes beyond the usual stories surrounding the Stone s most significant songs Tracing the distinctive sound that runs through their catalog from chord progressions and open guitar tuning to polyrhythmic Afro Caribbean beats and their innovative use of nontraditional instruments Malvinni shows how the Stones have retained their unmistakable identity through the decades Experiencing the Rolling Stones draws together a broad swath of postwar history as it covers the band s origins in Swinging London their interest in the Beat generation the powerful attraction of Morocco on their lives and music the infamous drug busts that nearly destroyed the band the female muses who inspired them the disaster at Altamont their flight from England as tax exiles and the recording sessions outside of England Malvinni takes an especially close look at Keith Richards guitar work and its effect on the band s music as well as the multiple changes in the band s members such as the addition of guitarists Mick Taylor and Ron Wood Experiencing the Rolling Stones delivers a musical adventure for both the lifelong fan and the first time listener just discovering the magnitude and magnificence of the Stones music stardom and legacy **The Twentieth Century/ Kevin@Dettmar** David Damrosch, 2003 **Lit-Rock** Ryan Hibbett, 2022-08-11 Just as soon as it had got rolling rock music had a problem it wanted to be art A mere four years separate the Beatles as mere kiddy culture from the artful geniuses of Sergeant Pepper s meaning the very same band who represents the mass consumed mindless music of adolescents simultaneously enjoys status as among the best that Western culture has to offer The story of rock music it turns out is less that of a contagious popular form situated in opposition to high art but rather a story of high and low in dialogue messy and contentious to be sure but also mutually obligated to account for if not appropriate one another The chapters in this book track the uses of literature specifically within this relation helping to

showcase collectively its fundamental role in the emergence of the pop omnivore

Novelty Pete Dale, 2016-02-11 Popular music today has supposedly collapsed into a retromania which according to leading critic Simon Reynolds has brought a slow and steady fading of the artistic imperative to be original Meanwhile in the estimation of philosopher Alain Badiou a significant political event will always require the dictatorial power of a creation ex nihilo Everywhere it seems at least amongst commentators of a certain age and type pessimism prevails with regards to the predominant aesthetic preferences of the twenty first century popular music supposedly is in a rut Yet when if ever did the political engagement kindled by popular music amount to more than it does today The sixties The punk explosion of the late 1970s Despite an on going fixation upon these periods in much rock journalism and academic writing this book demonstrates that the utilisation of popular music to promote political causes on the one hand and the expression of dissent through the medium of popular song on the other hand remain widely in practice today This is not to argue however for complacency with regards to the need for expressions of political dissent through popular culture Rather the book looks carefully at actual usages of popular music in political processes as well as expressions of political feeling through song and argues that there is much to encourage us to think that the demand for radical change remains in circulation The question is though how necessary is it for politically motivated popular music to offer aesthetic novelty

Myth, Fan Culture, and the Popular Appeal of Liminality in the Music of U2 Brian Johnston, Susan Mackey-Kallis, 2018-11-08 U2 s ongoing popular appeal is constructed in the spaces between band and fan commercialism and community spirituality and nihilism finding meaning in a surface oriented popular culture and contradiction in the depths of political and faith based institutions The band s long term success and continued relevance is a result of their ability to hold these energies in tension without one subsuming the other to live in the liminal space that such contradictions invite U2 s mythic trajectory was born from a bygone electronic era realized in our current digital era but with an eye on the forthcoming virtual era it is a new myth for the whole world found in the most unlikely of places popular culture This book approaches the band s mythic trajectory through a combination of rhetorical analysis and autoethnographic explorations that unveil the more personal experiences most of us have with media Drawing heavily upon the works of Marshal McLuhan Joseph Campbell Thomas S Frenzt and Janice Hocker Rushing Myth Fan Culture and the Popular Appeal of Liminality in the Music of U2 unpacks U2 s popular appeal through the lenses of Agape spiritual communal love Amor romantic love and Eros erotic love Check out the book s official website for additional information <https://www.u2mythos.com>

Marketing Modernisms Kevin J. H. Dettmar, Stephen Myers Watt, 1996 Rarely have genres of literary expression been looked upon or read as commodities within

a market system we tend to think of our literature as pure untainted by any interaction with the world of commerce Critical accounts of modernism are frequently theorized across the divide between the project itself and the larger marketplace the world of consumption Marketing Modernisms calls into question this curious separation and examines the material intellectual and ideological practices that comprise the notion of marketing Marketing Modernisms is concerned with Anglo American modernists and their potential readers in both the popular audience and the academy Examining the forms of promotion employed by book publishing houses in the editorial offices of literary magazines and in the minds of modern writers the essays bring to the fore little known connections between writers such as Ezra Pound T S Eliot James Joyce Virginia Woolf and Langston Hughes and the commercial marketplace they engaged The book s provocative themes include the strategies that modernists and their publishers employed to market their work to fashion themselves as artists or celebrities and to bridge the gap between an avant garde elite and the popular reader Other essays explore the difficulties confronted by women African American and gay and lesbian writers in gaining literary acceptance and achieving commercial representation while maintaining the gendered racial and sexual aspects of their lives **The Illicit Joy of**

Postmodernism Kevin J. H. Dettmar,1996 Ulysses too has been inadequately served by modernist critics Where they have emphasized the work s ingenious Homeric structure Dettmar focuses instead upon its seams those points at which the narrative willfully joyfully overflows its self imposed bounds **Bibliographic Guide to Music** New York Public Library.

Music Division,1999 **The World is a Text** Jonathan Silverman,Dean Rader,2006 The book teaches readers the usefulness of learning to actively read their surroundings The new edition features a greatly expanded section on writing editing and making arguments This cultural studies reader directly engages the process of writing about the texts one sees in everyday life Its comprehensive and inclusive approach focuses on the relationship between reading traditional works such as short stories and poems and other less traditional ones such as movies the Internet race ethnicity and television For anyone who enjoys provocative and engaging material and is interested in developing an appreciation for diverse cultural literary works

Think Rock Kevin Dettmar: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoovers "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
