## **The Peregrine:**

The Peregrine John Alec Baker, 1967      **The Peregrine's Journey** Madeleine Dunphy, 2012-10-24 The Peregrine's Journey vividly describes one of the most remarkable feats in the animal kingdom Beginning in Alaska and ending two months later in Argentina the peregrine falcon's annual migration is an 8 000 mile flight across the Americas This beautifully illustrated book allows young readers to follow one bird on its journey Based on the actual migration of a real bird that was tracked by the U S Fish and Wildlife Service the book is filled with amazing facts about the bird's diet habits and navigational abilities as well as stunning views of the many habitats the peregrine visits along the way      **The Peregrine's Odyssey** Michael Kleinfell, 2019-04-28 Christiani esse non licet It is not lawful to be a Christian From the time of Nero in the mid first century these four words hung over the heads of every Christian for the first three centuries of the nascent Church of the Christos the God man To be a Christian was to be subject to execution So it was In 116 AD during the reign of the Emperor Trajan Ignatius bishop of Syrian Antioch heard those four words sentencing him to death in the Roman Colosseum His condemnation and martyrdom were witnessed by Gaius Segusius a wealthy Gallo Roman merchant and Ignatius lifelong and closest friend Against the backdrop of Trajan's Roman Empire Gaius is inexorably drawn into the Christian world as The Way spreads throughout the Empire and into Gaius own family We encounter the Christians of Rome those in Asia and Bithynia the emperor Trajan successful in war reshaping the face of Rome with his monumental building projects the decorated centurion Maximus who befriends Gaius the eloquent Roman senator Pliny the Younger through whose letters we live the lives of noble Romans and a vengeful banished son who will haunt the last days of the Peregrine Over the course of twenty years the lives of Gaius and Ignatius are increasingly intertwined Ignatius the martyr who becomes one of the most famous and iconic of the early Church Fathers Gaius who seeks understanding of his closest friend's faith while fearing the possibility of hearing those deadly four words History and fiction meet in a story of the love of two brothers and the Love that conquers all      **Biology of the Peregrine and Gyrfalcon in Greenland** William A. Burnham, William G. Mattox, 1984 A ten year study began in 1972 in West Greenland to investigate the breeding biology of the peregrine falcon Data on nesting gyrfalcons were also collected Thirty four peregrine nesting sites were examined in the 6050 km<sup>2</sup> inland study area near Søndre Strømfjord Limited research also centered in Disko Bugt and Frederikshavn Peregrines were found nesting predominantly on high south facing cliffs which overlooked large areas The mean minimum distance between peregrine eyries was 7.7 km for the inland area 1972 and 1973 and 55 km for the coast 1974 Approximately 60 percent of the inland nesting sites were occupied each year A ten year average production of 1.90 young per occupied site and 2.78 young per successful site was determined Lapland longspurs snow buntings wheatears and redpolls comprised 90 percent of the peregrines diet Raven nests and prey availability may be the most significant factor affecting falcon density Addled peregrine eggs eggshell fragments and peregrine prey species were collected Whole eggs averaged 14.3 ppm wet weight 305 ppm lipid

weight DDE while eggshell measurements showed a 16 percent thinning compared with pre 1940 eggs from Greenland Prey species carried low levels of DDE The peregrine population appears to be at a near critical contamination level and a small increase in DDE level could contribute to a population decline No indication of a decline has been observed during the study and the population appears stable The project banded 185 peregrines from which 8 recoveries occurred The recoveries suggest peregrines migrate south to winter in South America The Peregrine Falcon Derek Ratcliffe,2010-06-30 The first edition of The Peregrine Falcon was widely recognised as a classic of its kind documenting not only the species biology but also the sad tale of its decline due to the impact of pesticides This extensively revised and enlarged second edition takes full account of important new developments in the story of this bird during the intervening 12 years It reports one of the few notable successes in wildlife conservation the full restoration of British and Irish Peregrine populations and their appreciable recovery in other countries where numbers had also been greatly reduced by the impact of organochlorine pesticides The pattern of increase in Britain has been extremely varied from districts where numbers are now far higher than at any time in recorded history to others where the bird is now at its lowest ebb The examination of the reasons for these differences helps us to understand the most recent developments in the Peregrine saga Particular attention has been paid to the recent major advances in our knowledge of Peregrine biology such as its movements population turnover food and nesting habits Many of the tables and figures have been revised and brought up to date so that this volume like its predecessor is once again by far the most detailed and readable reference on this most evocative of birds Donald Watson s colour paintings monochrome washes and line drawings and the original photographs illustrate the book as before Cover illustration by Donald Watson

*The Peregrine Fund's Western Operation Report* ,1980 **The Peregrine Falcon** Carl R. Green,William Reynolds Sanford,1986 Describes the physical characteristics habitat behavior and life cycle of this small bird of prey and briefly examines the sport of falconry **Return of the Peregrine** Tom J. Cade,William A. Burnham,Pat Burnham,2003 The book is intended for a non scientific audience but does contain previously unpublished information tables and graphs plus an extensive literature cited section and a bibliography for Eastern and Midwestern Peregrine restoration publications from 1971 2000 **The People's Natural History** ,1902 **The Peregrine Falcon** Robert William Murphy,1981 **The National Review** ,1890 The Zoo Book Henry Davenport Northrop,1902 **Zoologist** ,1864 **The International Cyclopaedia** ,1895 **The Birds of Tunisia** Joseph Isaac Spadafora Whitaker,1905 *Earth, Sea and Sky, Or, Marvels of the Universe* Henry Davenport Northrop,1887 **Country Life** ,1907 **Journal and Proceedings of the Asiatic Society of Bengal** Asiatic Society (Kolkata, India),1908 Includes indexes to Numismatic supplements **The Birds of Portugal** William Chester Tait,1924 Library of Universal Knowledge ,1881
