The History of Java, Volume 1 The History of Java Sir Thomas Stamford Raffles Sir Thomas Stamford Raffles Printed for Black Parbury and Allen 1817 History Asia General History Asia General History Asia Southeast Asia Java Indonesia Malayan languages *Asianism and the Politics of Regional Consciousness in Singapore* Leong Yew, 2013-11-20. Over the last two decades, Singapore has undergone a substantial degree of Asianization. Apart from participating in the Asian values debate of the 1990s, re-visioning itself as New Asia and a global Asian hub, and establishing Asian identities for the commodities it consumes and produces, Singapore has also repurposed its modernity, cultures, and ethos along similar regionalist precepts. However, even in recent times, Singapore continues to vacillate ambivalently between identifying with and differentiating itself from Asia. Responding to the challenges Singapore faces in coming to terms with its Asian identity, this book examines the complex cultural, social, and political underpinnings that have shaped Singapore's mainstream discourse on Asia. Indeed, it argues that its legacy as a colonial port city, the exigencies of managing the post-independence nation-state, and the larger forces of imperialism and capitalism all contribute to its politics of Asianism. Taking a thoroughly interdisciplinary approach that spans history, cultural studies, postcolonialism, and cultural geography, Leong Yew reveals how Asia has been used to narrate Singapore's beginnings, revalidate Singaporean ethnic culture, and to consolidate its practices of consumption and commodification. This book will be welcomed by students and scholars working across a range of fields, including Asian culture and society, Asian politics, cultural theory, and postcolonial studies.

Race and British Colonialism in Southeast Asia, 1770-1870 Gareth Knapman, 2016-10-14. The idea of

race played an increasing role in nineteenth century British colonial thought For most of the nineteenth century John Crawfurd towered over British colonial policy in South East Asia being not only a colonial administrator journalist and professional lobbyist but also one of the key racial theorists in the British Empire He approached colonialism as a radical liberal proposing universal voting for all races in British colonies and believing all races should have equal legal rights Yet at the same time he also believed that races represented distinct species of people who were unrelated This book charts the development of Crawfurd s ideas from the brief but dramatic period of British rule in Java to his political campaigns against James Brooke and British rule in Borneo Central to Crawfurd s political battles were the debates he had with his contemporaries such as Stamford Raffles and William Marsden over the importance of race and his broader challenge to universal ideas of history which questioned the racial unity of humanity The book taps into little explored manuscripts newspapers and writings to uncover the complexity of a leading nineteenth century political and racial thinker whose actions and ideas provide a new view of British liberal colonial and racial thought *The History of Java* Thomas Stamford Raffles, 2018-05-15 Reproduction of the original *The History of Java* by Thomas Stamford Raffles *Introduction to the Facsimile Reprint of Thomas Stamford Raffles, the History of Java [by] Thomas Stamford Raffles* John Sturgis Bastin, 1988
