**The Oxford Handbook of Work and Family** Tammy D. Allen, Lillian T. Eby, 2016-05-17 The Oxford Handbook of Work and Family examines contemporary work-family issues from a variety of important viewpoints By thoroughly examining where the field has been and where it is heading this important volume offers razor-sharp reviews of long-standing topics and fresh ideas to move work-family research and practice in new and necessary directions In providing comprehensive interdisciplinary cross-cultural and cross-national perspectives Tammy D. Allen and Lillian T. Eby have assembled a world-class team of scholars and practitioners to offer readers cutting-edge information on this rapidly growing area of scientific inquiry The Handbook also includes reviews of historically under-studied groups and highlights the important role that technology plays in shaping the work-family interface the potential contribution of neuroscience to better understanding work-family issues the ways in which work-family scholarship and practice can be enhanced through theoretical perspectives and the use of social media to translate important research findings to the public The Oxford Handbook of Work and Family is a roadmap for moving work-family scholarship forward while also providing rich descriptive accounts of how major organizations have been able to turn research findings into effective evidence-based policies and practices to help adults better manage both work and family responsibilities

*Grad School Life* Jacqueline M. Kory-Westlund, 2024-04-02 Grad school isn't easy It's even less easy when you're also managing a second job a family or depression or when you are a first

generation student or if you come from an underrepresented group or a lower socioeconomic status background Grad students are overworked overstressed and over it Most grad school advice books focus on the professional side finding funding managing research and teaching and applying for academic jobs But students today face a difficult job market Only a handful will obtain coveted tenure track professorships so they need alternative career prep Plus grad school is only one part of your life And with an average age of 33 years today s students are juggling far more than school That s where this book comes in It will help you keep up a personal life make the most of your time and prepare for your career whether in academia or beyond This pragmatic book explains how to persevere through the grad school long haul covering challenges both on and off campus It shares candid specific advice on personal finances mental health setting your own learning and career goals maintaining friendships and relationships and more Peppy sensible and smart Grad School Life points out the pitfalls of academia and helps you build the life you want With fresh insights concrete suggestions and exercises and helpful lists of resources this book gives grad students a new roadmap for not only surviving but thriving both in school and in the real world
